SECTION 1. SHORT TITLE.

This Act may be cited as the “Mount Stevens and Ted Stevens Icefield Designation Act”.

SEC. 2. FINDINGS.

Congress finds that—

(1) Theodore “Ted” Fulton Stevens, who began serving in the Senate 9 years after Alaska was admitted to Statehood, represented the people of the State of Alaska with distinction in the Senate for over 40 years from 1968 to 2009 and played a significant role in the transformation of the State of Alaska from an impoverished territory to a full-fledged State through the assistance he provided in building energy facilities, hospitals and clinics, roads, docks, airports, water and sewer facilities, schools, and other community facilities in the State of Alaska, which earned him recognition as “Alaskan of the Century” from the Alaska Legislature in 2000;

(2) Ted Stevens distinguished himself as a transport pilot during World War II in support of the “Flying Tigers” of the United States Army Air Corps, 14th Air Force, earning 2 Distinguished Flying Crosses and other decorations for his skill and bravery;

(3) Ted Stevens, after serving as a United States Attorney in the territory of Alaska, came to Washington, District of Columbia in 1956 to serve in the Eisenhower Administration in the Department of the Interior, where he was a leading force in securing the legislation that led to the admission of Alaska as the 49th State on January 3, 1959, and then as Solicitor of the Department of the Interior;

(4) in 1961, Ted Stevens returned to the State of Alaska and, in 1964, was elected to the Alaska House of Representatives, where he was subsequently elected as Speaker pro tempore and majority leader until his appointment on December 24, 1968, to the Senate to fill the vacancy caused by the death of Senator E.L. Bartlett;

(5) Ted Stevens, the longest-serving Republican Senator in the history of the Senate, served as President pro tempore of the Senate from 2003 through 2007 and as President pro tempore emeritus from 2008 to 2009, and over the course

of his career in the Senate, Ted Stevens served as assistant Republican leader, Chairman of the Select Committee on Ethics, Chairman of the Committee on Rules and Administration, Chairman of the Committee on Governmental Affairs, Chairman of the Committee on Appropriations, and Chairman of the Committee on Commerce, Science, and Transportation;

(6) Ted Stevens worked tirelessly for the enactment of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.), which provided for the conveyance of approximately 44,000,000 acres of land in the State of Alaska to the Aleut, Eskimo, and Indian peoples and created Native Corporations to secure the long-term economic, cultural, and political empowerment of the Native peoples of the State of Alaska;

(7) Ted Stevens was a leader in shaping the communications policies of the United States, as he helped to establish the spectrum auction policy, negotiated the Telecommunications Act of 1996, authored the Digital Television Transition and Public Safety Act of 2005 (47 U.S.C. 309 note; Public Law 109-171), and passionately advocated for the connection of rural America to the rest of the world and to improve the lives of the people of the United States through the use of telemedicine and distance learning;

(8) Ted Stevens was a conservationist who championed the safe development of the natural resources of the United States, as illustrated by his authorship of the Trans-Alaska Pipeline Authorization Act (43 U.S.C. 1651 et seq.), the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.), which established the 200-mile exclusive economic zone and led to a reduction in the dominance of foreign fishing fleets in the fisheries of the United States, the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006 (Public Law 109-479; 120 Stat. 3575), which established conservation measures designed to end overfishing, and the High Seas Driftnet Fisheries Enforcement Act (16 U.S.C. 1826a et seq.), which provided for the denial of entry into ports of the United States and the imposition of sanctions on vessels carrying out large-scale driftnet fishing beyond the exclusive economic zone of any nation;

(9) Ted Stevens was committed to health and fitness in his personal life and in his legislative accomplishments, as illustrated by his authorship of the Ted Stevens Amateur and Olympic Sports Act (36 U.S.C. 220501 et seq.), his encouragement of providing equality to female athletes through the enactment of title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.), and his leadership in improving physical education programs in schools through the Carol M. White Physical Education Program (20 U.S.C. 7261 et seq.);

(10) Ted Stevens unconditionally supported the needs of the Armed Forces of the United States through visits to soldiers, sailors, airmen, marines, and Coast Guardsmen in every major military conflict and war zone where United States military personnel have been assigned during his service in the Senate, including Vietnam, Kuwait, Bosnia, Kosovo, Iraq, and Afghanistan, and in his role as Chairman and Ranking Member of the Subcommittee on Defense Appropriations for more than 20 years;

(11) Ted Stevens was a devoted husband, father, and grandfather who worked to promote family-friendly policies in the Federal government;

(12) Ted Stevens was well-respected for reaching across the aisle to forge bipartisan alliances and enjoyed many close friendships with colleagues in both political parties and with his staff, who were deeply loyal to him; and

(13) the designation of the unnamed highest peak in the State of Alaska, along with an icefield in the Chugach National Forest in that State, in honor of Ted Stevens would be a fitting tribute to his honorable life and legacy.

Public Law 111–294
111th Congress

An Act

To amend title 18, United States Code, to prohibit interstate commerce in animal crush videos, and for other purposes.

Dec. 9, 2010

[H.R. 5566]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Animal Crush
Video Prohibition
Act of 2010.
18 USC 1 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the “Animal Crush Video Prohibition Act of 2010”.

SEC. 2. FINDINGS.

18 USC 48 note.

The Congress finds the following:

(1) The United States has a long history of prohibiting the interstate sale, marketing, advertising, exchange, and distribution of obscene material and speech that is integral to criminal conduct.

(2) The Federal Government and the States have a compelling interest in preventing intentional acts of extreme animal cruelty.

(3) Each of the several States and the District of Columbia criminalize intentional acts of extreme animal cruelty, such as the intentional crushing, burning, drowning, suffocating, or impaling of animals for no socially redeeming purpose.

(4) There are certain extreme acts of animal cruelty that appeal to a specific sexual fetish. These acts of extreme animal cruelty are videotaped, and the resulting video tapes are commonly referred to as “animal crush videos”.

(5) The Supreme Court of the United States has long held that obscenity is an exception to speech protected under the First Amendment to the Constitution of the United States.

(6) In the judgment of Congress, many animal crush videos are obscene in the sense that the depictions, taken as a whole—

(A) appeal to the prurient interest in sex;

(B) are patently offensive; and

(C) lack serious literary, artistic, political, or scientific value.

(7) Serious criminal acts of extreme animal cruelty are integral to the creation, sale, distribution, advertising, marketing, and exchange of animal crush videos.

(8) The creation, sale, distribution, advertising, marketing, and exchange of animal crush videos is intrinsically related and integral to creating an incentive for, directly causing, and perpetuating demand for the serious acts of extreme animal cruelty the videos depict. The primary reason for those criminal

acts is the creation, sale, distribution, advertising, marketing, and exchange of the animal crush video image.

(9) The serious acts of extreme animal cruelty necessary to make animal crush videos are committed in a clandestine manner that—

(A) allows the perpetrators of such crimes to remain anonymous;

(B) makes it extraordinarily difficult to establish the jurisdiction within which the underlying criminal acts of extreme animal cruelty occurred; and

(C) often precludes proof that the criminal acts occurred within the statute of limitations.

(10) Each of the difficulties described in paragraph (9) seriously frustrates and impedes the ability of State authorities to enforce the criminal statutes prohibiting such behavior.

SEC. 3. ANIMAL CRUSH VIDEOS.

(a) IN GENERAL.—Section 48 of title 18, United States Code, is amended to read as follows:

18 USC 48.

“§ 48. Animal crush videos

“(2) the animal crush video is transported into the United States or its territories or possessions.

“(d) PENALTY.—Any person who violates subsection (b) shall be fined under this title, imprisoned for not more than 7 years, or both.

“(e) EXCEPTIONS.—

“(1) IN GENERAL.—This section shall not apply with regard to any visual depiction of—

“(A) customary and normal veterinary or agricultural husbandry practices;

“(B) the slaughter of animals for food; or

“(C) hunting, trapping, or fishing.

“(2) GOOD-FAITH DISTRIBUTION.—This section shall not apply to the good-faith distribution of an animal crush video to—

“(A) a law enforcement agency; or

“(B) a third party for the sole purpose of analysis to determine if referral to a law enforcement agency is appropriate.

“(f) NO PREEMPTION.—Nothing in this section shall be construed to preempt the law of any State or local subdivision thereof to protect animals.”.

(b) CLERICAL AMENDMENT.—The item relating to section 48 in the table of sections for chapter 3 of title 18, United States Code, is amended to read as follows:

“48. Animal crush videos.”.

(c) SEVERABILITY.—If any provision of section 48 of title 18, United States Code (as amended by this section), or the application of the provision to any person or circumstance, is held to be unconstitutional, the provision and the application of the provision to other persons or circumstances shall not be affected thereby. 18 USC 48 note.

SEC. 4. PAYGO COMPLIANCE.

The budgetary effects of this Act, for purposes of complying with the Statutory Pay-As-You-Go Act of 2010, shall be determined by reference to the latest statement titled “Budgetary Effects of PAYGO Legislation” for this Act, jointly submitted for printing in the Congressional Record by the Chairmen of the House and Senate Budget Committees, provided that such statement has been submitted prior to the vote on passage in the House acting first on this conference report or amendments between the Houses.

(1) to the extent the Administrator deems such action necessary to the discharge of the Administrator's responsibilities, the Administrator may appoint not more than 425 of the scientific, engineering, and administrative personnel of the Administration without regard to such laws, and may fix the compensation of such personnel not in excess of the rate of basic pay payable for level III of the Executive Schedule; and

(2) to the extent the Administrator deems such action necessary to recruit specially qualified scientific and engineering talent, the Administrator may establish the entrance grade for scientific and engineering personnel without previous service in the Federal Government at a level up to 2 grades higher than the grade provided for such personnel under the General Schedule, and fix their compensation accordingly.

(c) PROPERTY.—In the performance of its functions, the Administration is authorized—

(1) to acquire (by purchase, lease, condemnation, or otherwise), construct, improve, repair, operate, and maintain laboratories, research and testing sites and facilities, aeronautical and space vehicles, quarters and related accommodations for employees and dependents of employees of the Administration, and such other real and personal property (including patents), or any interest therein, as the Administration deems necessary within and outside the continental United States;

To the maximum extent practicable and consistent with the accomplishment of the purpose of this chapter, such contracts, leases, agreements, and other transactions shall be allocated by the Administrator in a manner which will enable small-business

concerns to participate equitably and proportionately in the conduct of the work of the Administration.

(f) COOPERATION WITH FEDERAL AGENCIES AND OTHERS.—In the performance of its functions, the Administration is authorized to use, with their consent, the services, equipment, personnel, and facilities of Federal and other agencies with or without reimbursement, and on a similar basis to cooperate with other public and private agencies and instrumentalities in the use of services, equipment, and facilities. Each department and agency of the Federal Government shall cooperate fully with the Administration in making its services, equipment, personnel, and facilities available to the Administration, and any such department or agency is authorized, notwithstanding any other provision of law, to transfer to or to receive from the Administration, without reimbursement, aeronautical and space vehicles, and supplies and equipment other than administrative supplies or equipment.

(k) CONCESSIONS FOR VISITORS' FACILITIES.—

(1) IN GENERAL.—In the performance of its functions, the Administration is authorized to provide by concession, without regard to section 1302 of title 40, on such terms as the Administrator may deem to be appropriate and necessary to protect the concessioner against loss of the concessioner's investment in property (but not anticipated profits) resulting from the Administration's discretionary acts and decisions, for the construction, maintenance, and operation of all manner of facilities and equipment for visitors to the several installations of the Administration and, in connection therewith, to provide services incident to the dissemination of information concerning its activities to such visitors, without charge or with a reasonable charge therefor (with this authority being in addition to any other authority that the Administration may have to provide facilities, equipment, and services for visitors to its installations).

(2) **PUBLIC NOTICE AND DUE CONSIDERATION OF PROPOSALS.**—A concession agreement under this subsection may be negotiated with any qualified proposer following due consideration of all proposals received after reasonable public notice of the intention to contract.

(3) **REASONABLE OPPORTUNITY FOR PROFIT.**—The concessioner shall be afforded a reasonable opportunity to make a profit commensurate with the capital invested and the obligations assumed. The consideration paid by the concessioner for the concession shall be based on the probable value of the opportunity and not on maximizing revenue to the United States.

(4) **RECORDS AND ACCESS TO RECORDS.**—Each concession agreement shall specify the manner in which the concessioner's records are to be maintained, and shall provide for access to the records by the Administration and the Comptroller General of the United States for a period of 5 years after the close of the business year to which the records relate.

(5) **POSSESSORY INTERESTS.**—A concessioner may be accorded a possessory interest, consisting of all incidents of ownership except legal title (which shall vest in the United States), in any structure, fixture, or improvement the concessioner constructs or locates upon land owned by the United States. With the approval of the Administration, such possessory interest may be assigned, transferred, encumbered, or relinquished by the concessioner, and, unless otherwise provided by contract, shall not be extinguished by the expiration or other termination of the concession and may not be taken for public use without just compensation.

(l) **DETAILING MEMBERS OF ARMED SERVICES.**—In the performance of its functions, the Administration is authorized, with the approval of the President, to enter into cooperative agreements under which members of the Army, Navy, Air Force, and Marine Corps may be detailed by the appropriate Secretary for services in the performance of functions under this chapter to the same extent as that to which they might be lawfully assigned in the Department of Defense.

(m) **CLAIMS AGAINST THE UNITED STATES.**—In the performance of its functions, the Administration is authorized—

(1) to consider, ascertain, adjust, determine, settle, and pay, on behalf of the United States, in full satisfaction thereof, any claim for \$25,000 or less against the United States for bodily injury, death, or damage to or loss of real or personal property resulting from the conduct of the Administration's functions as specified in section 20112(a) of this title, where such claim is presented to the Administration in writing within 2 years after the accident or incident out of which the claim arises; and

(2) if the Administration considers that a claim in excess of \$25,000 is meritorious and would otherwise be covered by this subsection, to report the facts and circumstances to Congress for its consideration.

§ 20114. Administration and Department of Defense coordination

(a) **ADVISE AND CONSULT.**—The Administration and the Department of Defense, through the President, shall advise and consult with each other on all matters within their respective jurisdictions

related to aeronautical and space activities and shall keep each other fully and currently informed with respect to such activities.

(b) REFERRAL TO THE PRESIDENT.—If the Secretary of Defense concludes that any request, action, proposed action, or failure to act on the part of the Administrator is adverse to the responsibilities of the Department of Defense, or the Administrator concludes that any request, action, proposed action, or failure to act on the part of the Department of Defense is adverse to the responsibilities of the Administration, and the Administrator and the Secretary of Defense are unable to reach an agreement with respect to the matter, either the Administrator or the Secretary of Defense may refer the matter to the President for a decision (which shall be final).

§ 20115. International cooperation

The Administration, under the foreign policy guidance of the President, may engage in a program of international cooperation in work done pursuant to this chapter, and in the peaceful application of the results thereof, pursuant to agreements made by the President with the advice and consent of the Senate.

§ 20116. Reports to Congress

(a) PRESIDENTIAL REPORT.—The President shall transmit to Congress in May of each year a report, which shall include—

(1) a comprehensive description of the programmed activities and the accomplishments of all agencies of the United States in the field of aeronautics and space activities during the preceding fiscal year; and

(2) an evaluation of such activities and accomplishments in terms of the attainment of, or the failure to attain, the objectives described in section 20102(d) of this title.

(b) RECOMMENDATIONS FOR ADDITIONAL LEGISLATION.—Any report made under this section shall contain such recommendations for additional legislation as the Administrator or the President may consider necessary or desirable for the attainment of the objectives described in section 20102(d) of this title.

(c) CLASSIFIED INFORMATION.—No information that has been classified for reasons of national security shall be included in any report made under this section, unless the information has been declassified by, or pursuant to authorization given by, the President.

§ 20117. Disposal of excess land

Notwithstanding the provisions of this or any other law, the Administration may not report to a disposal agency as excess to the needs of the Administration any land having an estimated value in excess of \$50,000 that is owned by the United States and under the jurisdiction and control of the Administration, unless—

(1) a period of 30 days has passed after the receipt by the Speaker and the Committee on Science and Technology of the House of Representatives and the President and the Committee on Commerce, Science, and Transportation of the Senate of a report by the Administrator or the Administrator's designee containing a full and complete statement of the action proposed to be taken and the facts and circumstances relied upon in support of such action; or

(2) each such committee before the expiration of that period has transmitted to the Administrator written notice to the effect that the committee has no objection to the proposed action.

SUBCHAPTER III—GENERAL ADMINISTRATIVE PROVISIONS

§ 20131. Public access to information

(a) PUBLIC INSPECTION.—Information obtained or developed by the Administrator in the performance of the Administrator's functions under this chapter shall be made available for public inspection, except information—

- (1) authorized or required by Federal statute to be withheld;
- (2) classified to protect the national security; or
- (3) described in subsection (b).

(b) SPECIAL HANDLING OF TRADE SECRET OR CONFIDENTIAL INFORMATION.—

(1) IN GENERAL.—The Administrator, for a period of up to 5 years after the development of information described in paragraph (2), may provide appropriate protections against the dissemination of such information, including exemption from subchapter II of chapter 5 of title 5.

(2) INFORMATION DESCRIBED.—Information referred to in paragraph (1) is information that results from activities conducted under an agreement entered into under subsections (e) and (f) of section 20113 of this title, and that would be a trade secret or commercial or financial information that is privileged or confidential under the meaning of section 552(b)(4) of title 5 if the information had been obtained from a non-Federal party participating in such an agreement.

(c) COMMITTEES OF CONGRESS.—Nothing in this chapter authorizes the withholding of information by the Administrator from the duly authorized committees of Congress.

§ 20132. Security requirements

The Administrator shall establish such security requirements, restrictions, and safeguards as the Administrator deems necessary in the interest of the national security. The Administrator may arrange with the Director of the Office of Personnel Management for the conduct of such security or other personnel investigations of the Administration's officers, employees, and consultants, and its contractors and subcontractors and their officers and employees, actual or prospective, as the Administrator deems appropriate. If any such investigation develops any data reflecting that the individual who is the subject of the investigation is of questionable loyalty, the matter shall be referred to the Federal Bureau of Investigation for the conduct of a full field investigation, the results of which shall be furnished to the Administrator.

§ 20133. Permission to carry firearms

As the Administrator deems necessary in the public interest, the Administrator may—

- (1) direct officers and employees of the Administration to carry firearms while in the conduct of their official duties; and
- (2) authorize employees of contractors and subcontractors of the Administration who are engaged in the protection of

property owned by the United States, and located at facilities owned by or contracted to the United States, to carry firearms while in the conduct of their official duties.

§ 20134. Arrest authority

Under regulations prescribed by the Administrator and approved by the Attorney General, employees of the Administration and of its contractors and subcontractors authorized to carry firearms under section 20133 of this title may arrest without warrant for any offense against the United States committed in their presence, or for any felony cognizable under the laws of the United States if they have reasonable grounds to believe that the person to be arrested has committed or is committing such felony. Persons granted authority to make arrests by this section may exercise that authority only while guarding and protecting property owned or leased by, or under the control of, the United States under the administration and control of the Administration or one of its contractors or subcontractors, at facilities owned by or contracted to the Administration.

§ 20135. Property rights in inventions

(a) DEFINITIONS.—In this section:

(1) CONTRACT.—The term “contract” means any actual or proposed contract, agreement, understanding, or other arrangement, and includes any assignment, substitution of parties, or subcontract executed or entered into thereunder.

(2) MADE.—The term “made”, when used in relation to any invention, means the conception or first actual reduction to practice of such invention.

(3) PERSON.—The term “person” means any individual, partnership, corporation, association, institution, or other entity.

(b) EXCLUSIVE PROPERTY OF UNITED STATES.—

(1) IN GENERAL.—An invention shall be the exclusive property of the United States if it is made in the performance of any work under any contract of the Administration, and the Administrator determines that—

(A) the person who made the invention was employed or assigned to perform research, development, or exploration work and the invention is related to the work the person was employed or assigned to perform, or was within the scope of the person’s employment duties, whether or not it was made during working hours, or with a contribution by the Government of the use of Government facilities, equipment, materials, allocated funds, information proprietary to the Government, or services of Government employees during working hours; or

(B) the person who made the invention was not employed or assigned to perform research, development, or exploration work, but the invention is nevertheless related to the contract, or to the work or duties the person was employed or assigned to perform, and was made during working hours, or with a contribution from the Government of the sort referred to in subparagraph (A).

(2) PATENT TO UNITED STATES.—If an invention is the exclusive property of the United States under paragraph (1), and if such invention is patentable, a patent therefor shall be issued

to the United States upon application made by the Administrator, unless the Administrator waives all or any part of the rights of the United States to such invention in conformity with the provisions of subsection (g).

(c) CONTRACT PROVISIONS FOR FURNISHING REPORTS OF INVENTIONS, DISCOVERIES, IMPROVEMENTS, OR INNOVATIONS.—Each contract entered into by the Administrator with any party for the performance of any work shall contain effective provisions under which the party shall furnish promptly to the Administrator a written report containing full and complete technical information concerning any invention, discovery, improvement, or innovation which may be made in the performance of any such work.

(d) PATENT APPLICATION.—No patent may be issued to any applicant other than the Administrator for any invention which appears to the Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office (hereafter in this section referred to as the “Director”) to have significant utility in the conduct of aeronautical and space activities unless the applicant files with the Director, with the application or within 30 days after request therefor by the Director, a written statement executed under oath setting forth the full facts concerning the circumstances under which the invention was made and stating the relationship (if any) of the invention to the performance of any work under any contract of the Administration. Copies of each such statement and the application to which it relates shall be transmitted forthwith by the Director to the Administrator.

(e) ISSUANCE OF PATENT TO APPLICANT.—Upon any application as to which any such statement has been transmitted to the Administrator, the Director may, if the invention is patentable, issue a patent to the applicant unless the Administrator, within 90 days after receipt of the application and statement, requests that the patent be issued to the Administrator on behalf of the United States. If, within such time, the Administrator files such a request with the Director, the Director shall transmit notice thereof to the applicant, and shall issue such patent to the Administrator unless the applicant within 30 days after receipt of the notice requests a hearing before the Board of Patent Appeals and Interferences on the question whether the Administrator is entitled under this section to receive the patent. The Board may hear and determine, in accordance with rules and procedures established for interference cases, the question so presented, and its determination shall be subject to appeal by the applicant or by the Administrator to the United States Court of Appeals for the Federal Circuit in accordance with procedures governing appeals from decisions of the Board of Patent Appeals and Interferences in other proceedings.

(f) SUBSEQUENT TRANSFER OF PATENT IN CASE OF FALSE REPRESENTATIONS.—Whenever a patent has been issued to an applicant in conformity with subsection (e), and the Administrator thereafter has reason to believe that the statement filed by the applicant in connection with the patent contained a false representation of a material fact, the Administrator, within 5 years after the date of issuance of the patent, may file with the Director a request for the transfer to the Administrator of title to the patent on the records of the Director. Notice of any such request shall be transmitted by the Director to the owner of record of the patent,

and title to the patent shall be so transferred to the Administrator unless, within 30 days after receipt of notice, the owner of record requests a hearing before the Board of Patent Appeals and Interferences on the question whether any such false representation was contained in the statement filed in connection with the patent. The question shall be heard and determined, and the determination shall be subject to review, in the manner prescribed by subsection (e) for questions arising thereunder. A request made by the Administrator under this subsection for the transfer of title to a patent, and prosecution for the violation of any criminal statute, shall not be barred by the failure of the Administrator to make a request under subsection (e) for the issuance of the patent to the Administrator, or by any notice previously given by the Administrator stating that the Administrator had no objection to the issuance of the patent to the applicant.

(g) **WAIVER OF RIGHTS TO INVENTIONS.**—Under such regulations in conformity with this subsection as the Administrator shall prescribe, the Administrator may waive all or any part of the rights of the United States under this section with respect to any invention or class of inventions made or which may be made by any person or class of persons in the performance of any work required by any contract of the Administration if the Administrator determines that the interests of the United States will be served thereby. Any such waiver may be made upon such terms and under such conditions as the Administrator shall determine to be required for the protection of the interests of the United States. Each such waiver made with respect to any invention shall be subject to the reservation by the Administrator of an irrevocable, nonexclusive, nontransferable, royalty-free license for the practice of such invention throughout the world by or on behalf of the United States or any foreign government pursuant to any treaty or agreement with the United States. Each proposal for any waiver under this subsection shall be referred to an Inventions and Contributions Board which shall be established by the Administrator within the Administration. Such Board shall accord to each interested party an opportunity for hearing, and shall transmit to the Administrator its findings of fact with respect to such proposal and its recommendations for action to be taken with respect thereto.

(h) **PROTECTION OF TITLE.**—The Administrator is authorized to take all suitable and necessary steps to protect any invention or discovery to which the Administrator has title, and to require contractors or persons who retain title to inventions or discoveries under this section to protect the inventions or discoveries to which the Administration has or may acquire a license of use.

(i) **ADMINISTRATION AS DEFENSE AGENCY.**—The Administration shall be considered a defense agency of the United States for the purpose of chapter 17 of title 35.

(j) **OBJECTS INTENDED FOR LAUNCH, LAUNCHED, OR ASSEMBLED IN OUTER SPACE.**—Any object intended for launch, launched, or assembled in outer space shall be considered a vehicle for the purpose of section 272 of title 35.

(k) **USE OR MANUFACTURE OF PATENTED INVENTIONS INCORPORATED IN SPACE VEHICLES LAUNCHED FOR PERSONS OTHER THAN UNITED STATES.**—The use or manufacture of any patented invention incorporated in a space vehicle launched by the United States Government for a person other than the United States shall not be considered to be a use or manufacture by or for the United

States within the meaning of section 1498(a) of title 28, unless the Administration gives an express authorization or consent for such use or manufacture.

§ 20136. Contributions awards

(a) APPLICATIONS.—Subject to the provisions of this section, the Administrator is authorized, on the Administrator's own initiative or on application of any person, to make a monetary award, in an amount and on terms the Administrator determines to be warranted, to any person (as defined by section 20135(a) of this title) for any scientific or technical contribution to the Administration which is determined by the Administrator to have significant value in the conduct of aeronautical and space activities. Each application made for such an award shall be referred to the Inventions and Contributions Board established under section 20135 of this title. Such Board shall accord to each applicant an opportunity for hearing on the application, and shall transmit to the Administrator its recommendation as to the terms of the award, if any, to be made to the applicant for the contribution. In determining the terms and conditions of an award the Administrator shall take into account—

- (1) the value of the contribution to the United States;
- (2) the aggregate amount of any sums which have been expended by the applicant for the development of the contribution;
- (3) the amount of any compensation (other than salary received for services rendered as an officer or employee of the Government) previously received by the applicant for or on account of the use of the contribution by the United States; and
- (4) any other factors the Administrator determines to be material.

(b) APPORTIONMENT OF AWARDS.—If more than one applicant under subsection (a) claims an interest in the same contribution, the Administrator shall ascertain and determine the respective interests of the applicants, and shall apportion any award to be made among the applicants in amounts the Administrator determines to be equitable.

(c) SURRENDER OF OTHER CLAIMS.—No award may be made under subsection (a) unless the applicant surrenders, by means the Administrator determines to be effective, all claims that the applicant may have to receive any compensation (other than the award made under this section) for the use of the contribution or any element thereof at any time by or on behalf of the United States, or by or on behalf of any foreign government pursuant to a treaty or agreement with the United States, within the United States or at any other place.

(d) REPORT AND WAITING PERIOD.—No award may be made under subsection (a) in an amount exceeding \$100,000 unless the Administrator transmits to the appropriate committees of Congress a full and complete report concerning the amount and terms of, and the basis for, the proposed award, and a period of 30 calendar days of regular session of Congress expires after receipt of the report by the committees.

§ 20137. Malpractice and negligence suits against United States

(a) **EXCLUSIVE REMEDY.**—The remedy against the United States provided by sections 1346(b) and 2672 of title 28, for damages for personal injury, including death, caused by the negligent or wrongful act or omission of any physician, dentist, nurse, pharmacist, or paramedical or other supporting personnel (including medical and dental technicians, nursing assistants, and therapists) of the Administration in the performance of medical, dental, or related health care functions (including clinical studies and investigations) while acting within the scope of such person's duties or employment therein or therefor shall be exclusive of any other civil action or proceeding by reason of the same subject matter against such person (or the estate of such person) whose act or omission gave rise to the action or proceeding.

(b) **ATTORNEY GENERAL TO DEFEND ANY CIVIL ACTION OR PROCEEDING FOR MALPRACTICE OR NEGLIGENCE.**—The Attorney General shall defend any civil action or proceeding brought in any court against any person referred to in subsection (a) (or the estate of such person) for any such injury. Any such person against whom such civil action or proceeding is brought shall deliver within such time after date of service or knowledge of service as determined by the Attorney General, all process served upon such person or an attested true copy thereof to such person's immediate superior or to whomever was designated by the Administrator to receive such papers. Such person shall promptly furnish copies of the pleading and process therein to the United States Attorney for the district embracing the place wherein the proceeding is brought, to the Attorney General, and to the Administrator.

(c) **REMOVAL OF ACTIONS.**—Upon a certification by the Attorney General that any person described in subsection (a) was acting in the scope of such person's duties or employment at the time of the incident out of which the suit arose, any such civil action or proceeding commenced in a State court shall be removed without bond at any time before trial by the Attorney General to the district court of the United States of the district and division embracing the place wherein it is pending and the proceeding deemed a tort action brought against the United States under the provisions of title 28, and all references thereto. Should a district court of the United States determine, on a hearing on a motion to remand held before a trial on the merits, that the case so removed is one in which a remedy by suit within the meaning of subsection (a) is not available against the United States, the case shall be remanded to the State court.

(d) **COMPROMISE OR SETTLEMENT OF CLAIMS.**—The Attorney General may compromise or settle any claim asserted in such civil action or proceeding in the manner provided in section 2677 of title 28, and with the same effect.

(e) **APPLICABILITY OF OTHER PROVISIONS OF LAW.**—For purposes of this section, the provisions of section 2680(h) of title 28 shall not apply to any cause of action arising out of a negligent or wrongful act or omission in the performance of medical, dental, or related health care functions (including clinical studies and investigations).

(f) **LIABILITY INSURANCE FOR PERSONS ASSIGNED TO FOREIGN COUNTRIES OR NON-FEDERAL AGENCIES.**—The Administrator or the Administrator's designee may, to the extent that the Administrator

or the designee deems appropriate, hold harmless or provide liability insurance for any person described in subsection (a) for damages for personal injury, including death, caused by such person's negligent or wrongful act or omission in the performance of medical, dental, or related health care functions (including clinical studies and investigations) while acting within the scope of such person's duties if such person is assigned to a foreign country or detailed for service with other than a Federal department, agency, or instrumentality or if the circumstances are such as are likely to preclude the remedies of third persons against the United States described in section 2679(b) of title 28, for such damage or injury.

§ 20138. Insurance and indemnification

(a) DEFINITIONS.—In this section:

(1) SPACE VEHICLE.—The term “space vehicle” means an object intended for launch, launched, or assembled in outer space, including the space shuttle and other components of a space transportation system, together with related equipment, devices, components, and parts.

(2) THIRD PARTY.—The term “third party” means any person who may institute a claim against a user for death, bodily injury, or loss of or damage to property.

(b) AUTHORIZATION.—The Administration is authorized on such terms and to the extent it may deem appropriate to provide liability insurance for any user of a space vehicle to compensate all or a portion of claims by third parties for death, bodily injury, or loss of or damage to property resulting from activities carried on in connection with the launch, operations, or recovery of the space vehicle. Appropriations available to the Administration may be used to acquire such insurance, but such appropriations shall be reimbursed to the maximum extent practicable by the users under reimbursement policies established pursuant to section 20113 of this title.

(c) INDEMNIFICATION.—Under such regulations in conformity with this section as the Administrator shall prescribe taking into account the availability, cost, and terms of liability insurance, any agreement between the Administration and a user of a space vehicle may provide that the United States will indemnify the user against claims (including reasonable expenses of litigation or settlement) by third parties for death, bodily injury, or loss of or damage to property resulting from activities carried on in connection with the launch, operations, or recovery of the space vehicle, but only to the extent that such claims are not compensated by liability insurance of the user. Such indemnification may be limited to claims resulting from other than the actual negligence or willful misconduct of the user.

(d) TERMS OF INDEMNIFICATION AGREEMENT.—An agreement made under subsection (c) that provides indemnification must also provide for—

(1) notice to the United States of any claim or suit against the user for the death, bodily injury, or loss of or damage to the property; and

(2) control of or assistance in the defense by the United States, at its election, of that suit or claim.

(e) CERTIFICATION OF JUST AND REASONABLE AMOUNT.—No payment may be made under subsection (c) unless the Administrator or the Administrator's designee certifies that the amount is just and reasonable.

(f) PAYMENTS.—Upon the approval by the Administrator, payments under subsection (c) may be made, at the Administrator's election, either from funds available for research and development not otherwise obligated or from funds appropriated for such payments.

(C) employs a natural person to be flown on that vehicle.

(3) EXPERIMENTAL AEROSPACE VEHICLE.—The term “experimental aerospace vehicle” means an object intended to be flown in, or launched into, orbital or suborbital flight for the purpose of demonstrating technologies necessary for a reusable launch vehicle, developed under an agreement between the Administration and a developer.

(2) INSURANCE.—

(A) IN GENERAL.—A developer shall obtain liability insurance or demonstrate financial responsibility in amounts to compensate for the maximum probable loss from claims by—

(i) a third party for death, bodily injury, or property damage, or loss resulting from an activity carried out in connection with the development or use of an experimental aerospace vehicle; and

(4) APPLICATION OF CERTAIN PROCEDURES.—If the Administrator requests additional appropriations to make payments under this section, like the payments that may be made under section 20138(c) of this title, then the request for those appropriations shall be made in accordance with the procedures established by subsections (d) and (e) of section 50915 of this title.

(d) CROSS-WAIVERS.—

(1) ADMINISTRATOR AUTHORIZED TO WAIVE.—The Administrator, on behalf of the United States, and its departments, agencies, and instrumentalities, may reciprocally waive claims with a developer or cooperating party and with the related entities of that developer or cooperating party under which each party to the waiver agrees to be responsible, and agrees to ensure that its own related entities are responsible, for damage or loss to its property for which it is responsible, or for losses resulting from any injury or death sustained by its own employees or agents, as a result of activities connected to the agreement or use of the experimental aerospace vehicle.

(2) LIMITATIONS.—

(A) CLAIMS.—A reciprocal waiver under paragraph (1) may not preclude a claim by any natural person (including, but not limited to, a natural person who is an employee of the United States, the developer, the cooperating party, or their respective subcontractors) or that natural person's estate, survivors, or subrogees for injury or death, except with respect to a subrogee that is a party to the waiver or has otherwise agreed to be bound by the terms of the waiver.

(B) LIABILITY FOR NEGLIGENCE.—A reciprocal waiver under paragraph (1) may not absolve any party of liability to any natural person (including, but not limited to, a natural person who is an employee of the United States, the developer, the cooperating party, or their respective subcontractors) or such a natural person's estate, survivors, or subrogees for negligence, except with respect to a subrogee that is a party to the waiver or has otherwise agreed to be bound by the terms of the waiver.

(C) INDEMNIFICATION FOR DAMAGES.—A reciprocal waiver under paragraph (1) may not be used as the basis of a claim by the Administration, or the developer or cooperating party, for indemnification against the other for damages paid to a natural person, or that natural person's estate, survivors, or subrogees, for injury or death sustained by that natural person as a result of activities connected to the agreement or use of the experimental aerospace vehicle.

(D) WILLFUL MISCONDUCT.—A reciprocal waiver under paragraph (1) may not relieve the United States, the developer, the cooperating party, or the related entities of the developer or cooperating party, of liability for damage or loss resulting from willful misconduct.

(3) EFFECT ON PREVIOUS WAIVERS.—This subsection applies to any waiver of claims entered into by the Administration without regard to the date on which the Administration entered into the waiver.

(a) COMMITMENTS BEYOND AVAILABLE APPROPRIATIONS.—The Administrator may enter into contracts for expendable launch vehicle services that are for periods in excess of the period for which funds are otherwise available for obligation, provide for the payment for contingent liability which may accrue in excess of available appropriations in the event the Federal Government for its convenience terminates such contracts, and provide for advance payments reasonably related to launch vehicle and related equipment, fabrication, and acquisition costs, if any such contract limits the amount of the payments that the Government is allowed to

make under such contract to amounts provided in advance in appropriation Acts. Such contracts may be limited to sources within the United States when the Administrator determines that such limitation is in the public interest.

(b) **TERMINATION IF FUNDS NOT AVAILABLE.**—If funds are not available to continue any such contract, the contract shall be terminated for the convenience of the Government, and the costs of such contract shall be paid from appropriations originally available for performance of the contract, from other unobligated appropriations currently available for the procurement of launch services, or from funds appropriated for such payments.

SUBCHAPTER II—PROMOTION OF COMMERCIAL SPACE OPPORTUNITIES

§ 50111. Commercialization of Space Station

(a) POLICY.—Congress declares that a priority goal of constructing the International Space Station is the economic development of Earth orbital space. Congress further declares that free and competitive markets create the most efficient conditions for promoting economic development, and should therefore govern the economic development of Earth orbital space. Congress further declares that the use of free market principles in operating, servicing, allocating the use of, and adding capabilities to the Space Station, and the resulting fullest possible engagement of commercial providers and participation of commercial users, will reduce Space Station operational costs for all partners and the Federal Government's share of the United States burden to fund operations.

(b) USE OF UNITED STATES COMMERCIALY PROVIDED SERVICES.—

(1) IN GENERAL.—In order to stimulate commercial use of space, help maximize the utility and productivity of the International Space Station, and enable a commercial means of providing crew transfer and crew rescue services for the International Space Station, the Administration shall—

(A) make use of United States commercially provided International Space Station crew transfer and crew rescue services to the maximum extent practicable, if those commercial services have demonstrated the capability to meet Administration-specified ascent, entry, and International Space Station proximity operations safety requirements;

(B) limit, to the maximum extent practicable, the use of the Crew Exploration Vehicle to missions carrying astronauts beyond low Earth orbit once commercial crew transfer and crew rescue services that meet safety requirements become operational;

(C) facilitate, to the maximum extent practicable, the transfer of Administration-developed technologies to potential United States commercial crew transfer and rescue service providers, consistent with United States law; and

(D) issue a notice of intent, not later than 180 days after October 15, 2008, to enter into a funded, competitively awarded Space Act Agreement with 2 or more commercial entities for a Phase 1 Commercial Orbital Transportation Services crewed vehicle demonstration program.

(2) CONGRESSIONAL INTENT.—It is the intent of Congress that funding for the program described in paragraph (1)(D) shall not come at the expense of full funding of the amounts authorized under section 101(3)(A) of the National Aeronautics and Space Administration Authorization Act of 2008 (Public Law 110–422, 122 Stat. 4783), and for future fiscal years, for Orion Crew Exploration Vehicle development, Ares I Crew Launch Vehicle development, or International Space Station cargo delivery.

(3) ADDITIONAL TECHNOLOGIES.—The Administration shall make International Space Station-compatible docking adaptors and other relevant technologies available to the commercial crew providers selected to service the International Space Station.

(4) CREW TRANSFER AND CREW RESCUE SERVICES CONTRACT.—If a commercial provider demonstrates the capability to provide International Space Station crew transfer and crew rescue services and to satisfy Administration ascent, entry, and International Space Station proximity operations safety requirements, the Administration shall enter into an International Space Station crew transfer and crew rescue services contract with that commercial provider for a portion of the Administration’s anticipated International Space Station crew transfer and crew rescue requirements from the time the commercial provider commences operations under contract with the Administration through calendar year 2016, with an option to extend the period of performance through calendar year 2020.

§ 50112. Promotion of United States Global Positioning System standards

In order to support and sustain the Global Positioning System in a manner that will most effectively contribute to the national security, public safety, scientific, and economic interests of the United States, Congress encourages the President to—

(4) the use of space transportation services from United States commercial providers is inconsistent with national security objectives;

(5) the use of space transportation services from United States commercial providers is inconsistent with international agreements for international collaborative efforts relating to science and technology;

(6) it is more cost effective to transport a payload in conjunction with a test or demonstration of a space transportation vehicle owned by the Federal Government; or

(7) a payload can make use of the available cargo space on a space shuttle mission as a secondary payload, and such payload is consistent with the requirements of research,

development, demonstration, scientific, commercial, and educational programs authorized by the Administrator.

(c) AGREEMENTS WITH FOREIGN ENTITIES.—Nothing in this section shall prevent the Administrator from planning or negotiating agreements with foreign entities for the launch of Federal Government payloads for international collaborative efforts relating to science and technology.

(d) DELAYED EFFECT.—Subsection (a) shall not apply to space transportation services and space transportation vehicles acquired or owned by the Federal Government before October 28, 1998, or with respect to which a contract for such acquisition or ownership has been entered into before October 28, 1998.

(e) HISTORICAL PURPOSES.—This section shall not be construed to prohibit the Federal Government from acquiring, owning, or maintaining space transportation vehicles solely for historical display purposes.

§ 50132. Acquisition of commercial space transportation services

(a) TREATMENT OF COMMERCIAL SPACE TRANSPORTATION SERVICES AS COMMERCIAL ITEM UNDER ACQUISITION LAWS.—Acquisitions of space transportation services by the Federal Government shall be carried out in accordance with applicable acquisition laws and regulations (including chapters 137 and 140 of title 10). For purposes of such law and regulations, space transportation services shall be considered to be a commercial item.

(b) SAFETY STANDARDS.—Nothing in this section shall be construed to prohibit the Federal Government from requiring compliance with applicable safety standards.

§ 50133. Shuttle privatization

The Administrator shall prepare for an orderly transition from the Federal operation, or Federal management of contracted operation, of space transportation systems to the Federal purchase of commercial space transportation services for all nonemergency space transportation requirements for transportation to and from Earth orbit, including human, cargo, and mixed payloads. In those preparations, the Administrator shall take into account the need for short-term economies, as well as the goal of restoring the Administration's research focus and its mandate to promote the fullest possible commercial use of space. As part of those preparations, the Administrator shall plan for the potential privatization of the space shuttle program. Such plan shall keep safety and cost effectiveness as high priorities. Nothing in this section shall prohibit the Administration from studying, designing, developing, or funding upgrades or modifications essential to the safe and economical operation of the space shuttle fleet.

§ 50134. Use of excess intercontinental ballistic missiles

(a) IN GENERAL.—The Federal Government shall not—

(1) convert any missile described in subsection (c) to a space transportation vehicle configuration; or

(2) transfer ownership of any such missile to another person, except as provided in subsection (b).

(b) AUTHORIZED FEDERAL USES.—

(1) IN GENERAL.—A missile described in subsection (c) may be converted for use as a space transportation vehicle by the

Federal Government if, except as provided in paragraph (2) and at least 30 days before such conversion, the agency seeking to use the missile as a space transportation vehicle transmits to the Committee on Armed Services and the Committee on Science and Technology of the House of Representatives, and to the Committee on Armed Services and the Committee on Commerce, Science, and Transportation of the Senate, a certification that the use of such missile—

(A) would result in cost savings to the Federal Government when compared to the cost of acquiring space transportation services from United States commercial providers;

(B) meets all mission requirements of the agency, including performance, schedule, and risk requirements;

(C) is consistent with international obligations of the United States; and

(D) is approved by the Secretary of Defense or the designee of the Secretary of Defense.

(2) **EXCEPTION TO REQUIREMENT THAT CERTIFICATION BE TRANSMITTED 30 DAYS BEFORE CONVERSION.**—The requirement under paragraph (1) that the certification described in that paragraph must be transmitted at least 30 days before conversion of the missile shall not apply if the Secretary of Defense determines that compliance with that requirement would be inconsistent with meeting immediate national security requirements.

(c) **MISSILES REFERRED TO.**—The missiles referred to in this section are missiles owned by the United States that—

(1) were formerly used by the Department of Defense for national defense purposes as intercontinental ballistic missiles; and

(2) have been declared excess to United States national defense needs and are in compliance with international obligations of the United States.

(2) include a baseline funding profile that—

(A) is mutually acceptable to the Administration and the Department of Defense for the period covering the development and operation of Landsat 7; and

(B) provides for total funding responsibility of the Administration and the Department of Defense, respectively, to be approximately equal to the funding responsibility of the other as spread across the development and operational life of Landsat 7;

(3) specify that any improvements over the Landsat 6 functional equivalent capability for Landsat 7 will be funded by a specific sponsoring agency or agencies, in a manner agreed to by the Landsat Program Management, if the required funding exceeds the baseline funding profile required by paragraph (2), and that additional improvements will be sought only if the improvements will not jeopardize data continuity; and

(4) provide for a technology demonstration program whose objective shall be the demonstration of advanced land remote sensing technologies that may potentially yield a system which is less expensive to build and operate, and more responsive to data users, than is the current Landsat system.

(c) RESPONSIBILITIES.—The Landsat Program Management shall be responsible for—

(1) Landsat 7 procurement, launch, and operations;

(2) ensuring that the operation of the Landsat system is responsive to the broad interests of the civilian, national security, commercial, and foreign users of the Landsat system;

- (2) ensure timely and dependable delivery of unenhanced data to the full spectrum of civilian, national security, commercial, and foreign users and the National Satellite Land Remote Sensing Data Archive;
- (3) ensure that the United States retains ownership of all unenhanced data generated by Landsat 7;
- (4) support the development of the commercial market for remote sensing data;
- (5) ensure that the provision of commercial value-added services based on remote sensing data remains exclusively the function of the private sector; and
- (6) to the extent possible, ensure that the data distribution system for Landsat 7 is compatible with the Earth Observing System Data and Information System.

(b) ADDITIONAL DATA POLICY CONSIDERATIONS.—In addition, the data policy for Landsat 7 may provide for—

- (1) United States private sector entities to operate ground receiving stations in the United States for Landsat 7 data;

(2) LIMITATION WITH RESPECT TO SYSTEM USED FOR OTHER PURPOSES.—In the case of a private space system that is used for remote sensing and other purposes, the authority of the Secretary under this subchapter shall be limited only to the remote sensing operations of such space system.

(b) COMPLIANCE WITH LAW, REGULATIONS, INTERNATIONAL OBLIGATIONS, AND NATIONAL SECURITY.—

(1) IN GENERAL.—No license shall be granted by the Secretary unless the Secretary determines in writing that the applicant will comply with the requirements of this chapter, any regulations issued pursuant to this chapter, and any applicable international obligations and national security concerns of the United States.

(2) LIST OF REQUIREMENTS FOR COMPLETE APPLICATION.—The Secretary shall publish in the Federal Register a complete and specific list of all information required to comprise a complete application for a license under this subchapter. An application shall be considered complete when the applicant has provided all information required by the list most recently published in the Federal Register before the date the application was first submitted. Unless the Secretary has, within 30 days after receipt of an application, notified the applicant of information necessary to complete an application, the Secretary may not deny the application on the basis of the absence of any such information.

(c) DEADLINE FOR ACTION ON APPLICATION.—The Secretary shall review any application and make a determination thereon within 120 days of the receipt of such application. If final action has not occurred within such time, the Secretary shall inform the applicant of any pending issues and of actions required to resolve them.

(A) such data are generated by a system for which all or a substantial part of the development, fabrication, launch, or operations costs have been or will be directly funded by the United States Government; or

(B) it is in the interest of the United States to require such data to be provided by the licensee consistent with section 60122(b)(3) of this title, after considering the impact on the licensee and the importance of promoting widespread access to remote sensing data from United States and foreign systems.

(3) CONSISTENCY WITH CONTRACT OR OTHER ARRANGEMENT.—A designation made by the Secretary under paragraph (1) shall not be inconsistent with any contract or other arrangement

entered into between a United States Government agency and the licensee.

(2) if such activities are to be conducted, provide the Secretary with a plan for compliance with section 60141 of this title.

§ 60123. Administrative authority of Secretary

(a) FUNCTIONS.—In order to carry out the responsibilities specified in this subchapter, the Secretary may—

(1) grant, condition, or transfer licenses under this chapter;

(2) seek an order of injunction or similar judicial determination from a district court of the United States with personal jurisdiction over the licensee to terminate, modify, or suspend licenses under this subchapter and to terminate licensed operations on an immediate basis, if the Secretary determines that the licensee has substantially failed to comply with any provisions of this chapter, with any terms, conditions, or restrictions of such license, or with any international obligations or national security concerns of the United States;

(3) provide penalties for noncompliance with the requirements of licenses or regulations issued under this subchapter, including civil penalties not to exceed \$10,000 (each day of operation in violation of such licenses or regulations constituting a separate violation);

The Secretary may issue regulations to carry out this subchapter. Such regulations shall be promulgated only after public notice and comment in accordance with the provisions of section 553 of title 5.

§ 60125. Agency activities

(a) LICENSE APPLICATION AND ISSUANCE.—A private sector party may apply for a license to operate a private remote sensing space system which utilizes, on a space-available basis, a civilian United States Government satellite or vehicle as a platform for such system. The Secretary, pursuant to this subchapter, may license such system if it meets all conditions of this subchapter and—

(1) the system operator agrees to reimburse the Government in a timely manner for all related costs incurred with respect to such utilization, including a reasonable and proportionate share of fixed, platform, data transmission, and launch costs; and

(2) such utilization would not interfere with or otherwise compromise intended civilian Government missions, as determined by the agency responsible for such civilian platform.

(b) ASSISTANCE.—The Secretary may offer assistance to private sector parties in finding appropriate opportunities for such utilization.

(c) AGREEMENTS.—To the extent provided in advance by appropriation Acts, any United States Government agency may enter into agreements for such utilization if such agreements are consistent with such agency's mission and statutory authority, and if such remote sensing space system is licensed by the Secretary before commencing operation.

(d) **APPLICABILITY.**—This section does not apply to activities carried out under subchapter IV.

(e) **EFFECT ON FCC AUTHORITY.**—Nothing in this subchapter shall affect the authority of the Federal Communications Commission pursuant to the Communications Act of 1934 (47 U.S.C. 151 et seq.).

(b) **PROTECTION FOR COMMERCIAL DATA DISTRIBUTOR.**—The President shall seek to ensure that unenhanced data gathered under

the technology demonstration program carried out pursuant to section 60133 of this title shall, to the extent practicable, be made available on terms that would not adversely affect the commercial market for unenhanced data gathered by the Landsat 6 spacecraft.

§ 60133. Technology demonstration program

(a) **ESTABLISHMENT.**—As a fundamental component of a national land remote sensing strategy, the President shall establish, through appropriate United States Government agencies, a technology demonstration program. The goals of the program shall be to—

(1) seek to launch advanced land remote sensing system components within 5 years after October 28, 1992;

(2) demonstrate within such 5-year period advanced sensor capabilities suitable for use in the anticipated land remote sensing program; and

(3) demonstrate within such 5-year period an advanced land remote sensing system design that could be less expensive to procure and operate than the Landsat system projected to be in operation through the year 2000, and that therefore holds greater potential for private sector investment and control.

(b) **EXECUTION OF PROGRAM.**—In executing the technology demonstration program, the President shall seek to apply technologies associated with United States National Technical Means of intelligence gathering, to the extent that such technologies are appropriate for the technology demonstration and can be declassified for such purposes without causing adverse harm to United States national security interests.

(c) **BROAD APPLICATION.**—To the greatest extent practicable, the technology demonstration program established under subsection (a) shall be designed to be responsive to the broad civilian, national security, commercial, and foreign policy needs of the United States.

(d) **PRIVATE SECTOR FUNDING.**—The technology demonstration program under this section may be carried out in part with private sector funding.

(e) **LANDSAT PROGRAM MANAGEMENT COORDINATION.**—The Landsat Program Management shall have a coordinating role in the technology demonstration program carried out under this section.

§ 60134. Preference for private sector land remote sensing system

(a) **IN GENERAL.**—If a successor land remote sensing system to Landsat 7 can be funded and managed by the private sector while still achieving the goals stated in subsection (b) without jeopardizing the domestic, national security, and foreign policy interests of the United States, preference should be given to the development of such a system by the private sector without competition from the United States Government.

(b) **GOALS.**—The goals referred to in subsection (a) are—

(1) to encourage the development, launch, and operation of a land remote sensing system that adequately serves the civilian, national security, commercial, and foreign policy interests of the United States;

(2) to encourage the development, launch, and operation of a land remote sensing system that maintains data continuity with the Landsat system; and

(3) to incorporate system enhancements, including any such enhancements developed under the technology demonstration program under section 60133 of this title, which may potentially yield a system that is less expensive to build and operate, and more responsive to data users, than is the Landsat system otherwise projected to be in operation in the future.

SUBCHAPTER V—GENERAL PROVISIONS

§ 60141. Nondiscriminatory data availability

(a) IN GENERAL.—Except as provided in subsection (b), any unenhanced data generated by the Landsat system or any other land remote sensing system funded and owned by the United States Government shall be made available to all users without preference, bias, or any other special arrangement (except on the basis of national security concerns pursuant to section 60146 of this title) regarding delivery, format, pricing, or technical considerations which would favor one customer or class of customers over another.

(b) EXCEPTIONS.—Unenhanced data generated by the Landsat system or any other land remote sensing system funded and owned by the United States Government may be made available to the United States Government and its affiliated users at reduced prices, in accordance with this chapter, on the condition that such unenhanced data are used solely for noncommercial purposes.

§ 60142. Archiving of data

(a) PUBLIC INTEREST.—It is in the public interest for the United States Government to—

(1) maintain an archive of land remote sensing data for historical, scientific, and technical purposes, including long-term global environmental monitoring;

(2) control the content and scope of the archive; and

(3) ensure the quality, integrity, and continuity of the archive.

(b) ARCHIVING PRACTICES.—The Secretary of the Interior, in consultation with the Landsat Program Management, shall provide for long-term storage, maintenance, and upgrading of a basic, global, land remote sensing data set (hereafter in this section referred to as the “basic data set”) and shall follow reasonable archival practices to ensure proper storage and preservation of the basic data set and timely access for parties requesting data.

(c) DETERMINATION OF CONTENT OF BASIC DATA SET.—In determining the initial content of, or in upgrading, the basic data set, the Secretary of the Interior shall—

§ 60143. Nonreproduction

Unenhanced data distributed by any licensee under subchapter III may be sold on the condition that such data will not be reproduced or disseminated by the purchaser for commercial purposes.

§ 60144. Reimbursement for assistance

The Administrator, the Secretary of Defense, and the heads of other United States Government agencies may provide assistance to land remote sensing system operators under the provisions of this chapter. Substantial assistance shall be reimbursed by the operator, except as otherwise provided by law.

§ 60145. Acquisition of equipment

The Landsat Program Management may, by means of a competitive process, allow a licensee under subchapter III or any other private party to buy, lease, or otherwise acquire the use of equipment from the Landsat system, when such equipment is no longer needed for the operation of such system or for the sale of data from such system. Officials of other United States Government civilian agencies are authorized and encouraged to cooperate with the Secretary in carrying out this section.

§ 60146. Radio frequency allocation

(a) APPLICATION TO FEDERAL COMMUNICATIONS COMMISSION.—To the extent required by the Communications Act of 1934 (47 U.S.C. 151 et seq.), an application shall be filed with the Federal Communications Commission for any radio facilities involved with commercial remote sensing space systems licensed under subchapter III.

(b) DEADLINE FOR FCC ACTION.—It is the intent of Congress that the Federal Communications Commission complete the radio licensing process under the Communications Act of 1934 (47 U.S.C. 151 et seq.), upon the application of any private sector party or consortium operator of any commercial land remote sensing space system subject to this chapter, within 120 days of the receipt of an application for such licensing. If final action has not occurred within 120 days of the receipt of such an application, the Federal Communications Commission shall inform the applicant of any pending issues and of actions required to resolve them.

(c) DEVELOPMENT AND CONSTRUCTION OF UNITED STATES SYSTEMS.—Authority shall not be required from the Federal Communications Commission for the development and construction of any United States land remote sensing space system (or component

thereof), other than radio transmitting facilities or components, while any licensing determination is being made.

(d) **CONSISTENCY WITH INTERNATIONAL OBLIGATIONS AND PUBLIC INTEREST.**—Frequency allocations made pursuant to this section by the Federal Communications Commission shall be consistent with international obligations and with the public interest.

§ 60147. Consultation

The Secretary of Defense shall be responsible for determining those conditions, consistent with this chapter, necessary to meet national security concerns of the United States and for notifying the Secretary and the Landsat Program Management promptly of such conditions.

(b) **CONSULTATION WITH SECRETARY OF STATE.**—

(1) **IN GENERAL.**—The Secretary and the Landsat Program Management shall consult with the Secretary of State on all matters under this chapter affecting international obligations. The Secretary of State shall be responsible for determining those conditions, consistent with this chapter, necessary to meet international obligations and policies of the United States and for notifying promptly the Secretary and the Landsat Program Management of such conditions.

(2) **INTERNATIONAL AID.**—Appropriate United States Government agencies are authorized and encouraged to provide remote sensing data, technology, and training to developing nations as a component of programs of international aid.

(3) **REPORTING DISCRIMINATORY DISTRIBUTION.**—The Secretary of State shall promptly report to the Secretary and Landsat Program Management any instances outside the United States of discriminatory distribution of Landsat data.

(c) **STATUS REPORT.**—The Landsat Program Management shall, as often as necessary, provide to Congress complete and updated information about the status of ongoing operations of the Landsat system, including timely notification of decisions made with respect to the Landsat system in order to meet national security concerns and international obligations and policies of the United States Government.

(d) **REIMBURSEMENTS.**—If, as a result of technical modifications imposed on a licensee under subchapter III on the basis of national security concerns, the Secretary, in consultation with the Secretary of Defense or with other Federal agencies, determines that additional costs will be incurred by the licensee, or that past development costs (including the cost of capital) will not be recovered by the licensee, the Secretary may require the agency or agencies requesting such technical modifications to reimburse the licensee for such additional or development costs, but not for anticipated profits. Reimbursements may cover costs associated with required changes in system performance, but not costs ordinarily associated with doing business abroad.

§ 60148. Enforcement

(a) **IN GENERAL.**—In order to ensure that unenhanced data from the Landsat system received solely for noncommercial purposes are not used for any commercial purpose, the Secretary (in

collaboration with private sector entities responsible for the marketing and distribution of unenhanced data generated by the Landsat system) shall develop and implement a system for enforcing this prohibition, in the event that unenhanced data from the Landsat system are made available for noncommercial purposes at a different price than such data are made available for other purposes.

(b) **AUTHORITY OF SECRETARY.**—Subject to subsection (d), the Secretary may impose any of the enforcement mechanisms described in subsection (c) against a person that—

(1) receives unenhanced data from the Landsat system under this chapter solely for noncommercial purposes (and at a different price than the price at which such data are made available for other purposes); and

(2) uses such data for other than noncommercial purposes.

(c) **ENFORCEMENT MECHANISMS.**—Enforcement mechanisms referred to in subsection (b) may include civil penalties of not more than \$10,000 (per day per violation), denial of further unenhanced data purchasing privileges, and any other penalties or restrictions the Secretary considers necessary to ensure, to the greatest extent practicable, that unenhanced data provided for noncommercial purposes are not used to unfairly compete in the commercial market against private sector entities not eligible for data at the cost of fulfilling user requests.

(d) **PROCEDURES AND REGULATIONS.**—The Secretary shall issue any regulations necessary to carry out this section and shall establish standards and procedures governing the imposition of enforcement mechanisms under subsection (b). The standards and procedures shall include a procedure for potentially aggrieved parties to file formal protests with the Secretary alleging instances where such unenhanced data have been, or are being, used for commercial purposes in violation of the terms of receipt of such data. The Secretary shall promptly act to investigate any such protest, and shall report annually to Congress on instances of such violations.

SUBCHAPTER VI—PROHIBITION OF COMMERCIALIZATION OF WEATHER SATELLITES

§ 60161. Prohibition

Neither the President nor any other official of the Government shall make any effort to lease, sell, or transfer to the private sector, or commercialize, any portion of the weather satellite systems operated by the Department of Commerce or any successor agency.

§ 60162. Future considerations

Regardless of any change in circumstances subsequent to October 28, 1992, even if such change makes it appear to be in the national interest to commercialize weather satellites, neither the President nor any official shall take any action prohibited by section 60161 of this title unless this subchapter has first been repealed.

Sec.

70101. Recovery of fair value of placing Department of Defense payloads in orbit with space shuttle.

70102. Space shuttle use policy.

70103. Commercial payloads on space shuttle.

§ 70101. Recovery of fair value of placing Department of Defense payloads in orbit with space shuttle

Notwithstanding any other provision of law, or any interagency agreement, the Administrator shall charge such prices as are necessary to recover the fair value of placing Department of Defense payloads into orbit by means of the space shuttle.

§ 70102. Space shuttle use policy

(a) USE POLICY.—

(1) IN GENERAL.—

(A) POLICY.—It shall be the policy of the United States to use the space shuttle—

- (i) for purposes that require a human presence;
- (ii) for purposes that require the unique capabilities of the space shuttle; or
- (iii) when other compelling circumstances exist.

(B) DEFINITION OF COMPELLING CIRCUMSTANCES.—In this paragraph, the term “compelling circumstances” includes, but is not limited to, occasions when the Administrator determines, in consultation with the Secretary of Defense and the Secretary of State, that important national security or foreign policy interests would be served by a shuttle launch.

(2) USING AVAILABLE CARGO SPACE FOR SECONDARY PAYLOADS.—The policy stated in paragraph (1) shall not preclude the use of available cargo space, on a space shuttle mission otherwise consistent with the policy described in paragraph (1), for the purpose of carrying secondary payloads (as defined by the Administrator) that do not require a human presence if such payloads are consistent with the requirements of research, development, demonstration, scientific, commercial, and educational programs authorized by the Administrator.

(b) ANNUAL REPORT.—At least annually, the Administrator shall submit to Congress a report certifying that the payloads scheduled to be launched on the space shuttle for the next 4 years are consistent with the policy set forth in subsection (a)(1). For each payload scheduled to be launched from the space shuttle that does not require a human presence, the Administrator shall, in the certified report to Congress, state the specific circumstances that justified the use of the space shuttle. If, during the period between scheduled reports to Congress, any additions are made to the list of certified payloads intended to be launched from the shuttle, the Administrator shall inform Congress of the additions and the reasons therefor within 45 days of the change.

(c) ADMINISTRATION PAYLOADS.—The report described in subsection (b) shall also include those Administration payloads

designed solely to fly on the space shuttle which have begun the phase C/D of its development cycle.

§ 70103. Commercial payloads on space shuttle

(a) DEFINITIONS.—In this section:

(1) LAUNCH VEHICLE.—The term “launch vehicle” means any vehicle constructed for the purpose of operating in, or placing a payload in, outer space.

(2) PAYLOAD.—The term “payload” means an object which a person undertakes to place in outer space by means of a launch vehicle, and includes subcomponents of the launch vehicle specifically designed or adapted for that object.

(b) IN GENERAL.—Commercial payloads may not be accepted for launch as primary payloads on the space shuttle unless the Administrator determines that—

(1) the payload requires the unique capabilities of the space shuttle; or

(2) launching of the payload on the space shuttle is important for either national security or foreign policy purposes.

COMMERCIAL AND FOREIGN USERS**

Sec.

70301. Congressional findings and declarations.

70302. Purpose, policy, and goals.

70303. Definition of additive cost.

70304. Duties of Administrator.

§ 70301. Congressional findings and declarations

Congress finds and declares that—

(1) the Space Transportation System is a vital element of the United States space program, contributing to the United States leadership in space research, technology, and development;

(2) the Space Transportation System is the primary space launch system for both United States national security and civil government missions;

(3) the Space Transportation System contributes to the expansion of United States private sector investment and involvement in space and therefore should serve commercial users;

(4) the availability of the Space Transportation System to foreign users for peaceful purposes is an important means of promoting international cooperative activities in the national interest and in maintaining access to space for activities which enhance the security and welfare of humankind;

(5) the United States is committed to maintaining world leadership in space transportation;

(6) making the Space Transportation System fully operational and cost effective in providing routine access to space will maximize the national economic benefits of the system; and

(7) national goals and the objectives for the Space Transportation System can be furthered by a stable and fair pricing policy for the Space Transportation System.

§ 70302. Purpose, policy, and goals

The purpose of this chapter is to set, for commercial and foreign users, the reimbursement pricing policy for the Space Transportation System that is consistent with the findings included in section 70301 of this title, encourages the full and effective use of space, and is designed to achieve the following goals:

- (1) The preservation of the role of the United States as a leader in space research, technology, and development.
- (2) The efficient and cost effective use of the Space Transportation System.
- (3) The achievement of greatly increased commercial space activity.
- (4) The enhancement of the international competitive position of the United States.

§ 70303. Definition of additive cost

In this chapter, the term “additive cost” means the average direct and indirect costs to the Administration of providing additional flights of the Space Transportation System beyond the costs associated with those flights necessary to meet the space transportation needs of the United States Government.

§ 70304. Duties of Administrator

(a) ESTABLISHMENT AND IMPLEMENTATION OF REIMBURSEMENT RECOVERY SYSTEM.—The Administrator shall establish and implement a pricing system to recover reimbursement in accordance with the pricing policy under section 70302 of this title from each commercial or foreign user of the Space Transportation System, which, except as provided in subsections (c), (d), and (e), shall include a base price of not less than \$74,000,000 for each flight of the Space Transportation System in 1982 dollars.

(b) REPORTS TO CONGRESS.—Each year the Administrator shall submit to the President of the Senate, the Speaker of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Science and Technology of the House of Representatives a report, transmitted contemporaneously with the annual budget request of the President, which shall inform Congress how the policy goals contained in section 70302 of this title are being furthered by the shuttle price for foreign and commercial users.

(c) REDUCTION OF BASE PRICE.—

(1) AUTHORITY TO REDUCE.—If at any time the Administrator finds that the policy goals contained in section 70302 of this title are not being achieved, the Administrator shall have authority to reduce the base price established in subsection (a) after 45 days following receipt by the President of the Senate, the Speaker of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Science and Technology of the House of Representatives of a notice by the Administrator containing a description of the proposed reduction together with a full and complete statement of the facts and circumstances which necessitate such proposed reduction.

(2) MINIMUM PRICE.—In no case shall the minimum price established under paragraph (1) be less than additive cost.

(d) LOW OR NO-COST FLIGHTS.—The Administrator may set a price lower than the price determined under subsection (a) or (c),

or provide no-cost flights, for any commercial or foreign user of the Space Transportation System that is involved in research, development, or demonstration programs with the Administration.

(e) CUSTOMER INCENTIVES.—Notwithstanding the provisions of subsection (a), the Administrator shall have the authority to offer reasonable customer incentives consistent with the policy goals in section 70302 of this title.

- (1) construct an architecture and implementation plan for the Administration's human exploration program that is not critically dependent on the achievement of milestones by fixed dates;
- (2) implement an exploration technology development program to enable lunar human and robotic operations consistent with section 20302(b) of this title, including surface power to use on the Moon and other locations;
- (3) conduct an in-situ resource utilization technology program to develop the capability to use space resources to increase independence from Earth, and sustain exploration beyond low-Earth orbit; and
- (4) pursue aggressively automated rendezvous and docking capabilities that can support the International Space Station and other mission requirements.

§ 70503. Ground-based analog capabilities

(a) IN GENERAL.—The Administrator may establish a ground-based analog capability in remote United States locations in order to assist in the development of lunar operations, life support, and in-situ resource utilization experience and capabilities.

(c) INVOLVEMENT OF LOCAL POPULATIONS AND PRIVATE SECTOR PARTNERS.—In carrying out this section, the Administrator shall involve local populations, academia, and industrial partners as much as possible to ensure that ground-based benefits and applications are encouraged and developed.

§ 70504. Stepping stone approach to exploration

In order to maximize the cost-effectiveness of the long-term exploration and utilization activities of the United States, the Administrator shall take all necessary steps, including engaging international partners, to ensure that activities in its lunar exploration program shall be designed and implemented in a manner that gives strong consideration to how those activities might also help meet the requirements of future exploration and utilization activities beyond the Moon. The timetable of the lunar phase of the long-term international exploration initiative shall be determined by the availability of funding. However, once an exploration-related project enters its development phase, the Administrator shall seek, to the maximum extent practicable, to complete that project without undue delays.

§ 70505. Lunar outpost

(a) ESTABLISHMENT.—As the Administration works toward the establishment of a lunar outpost, the Administration shall make no plans that would require a lunar outpost to be occupied to maintain its viability. Any such outpost shall be operable as a human-tended facility capable of remote or autonomous operation for extended periods.

(b) DESIGNATION.—The United States portion of the first human-tended outpost established on the surface of the Moon shall be designated the “Neil A. Armstrong Lunar Outpost”.

§ 70506. Exploration technology research

The Administrator shall carry out a program of long-term exploration-related technology research and development, including such things as in-space propulsion, power systems, life support, and advanced avionics, that is not tied to specific flight projects. The program shall have the funding goal of ensuring that the technology research and development can be completed in a timely manner in order to support the safe, successful, and sustainable exploration of the solar system. In addition, in order to ensure that the broadest range of innovative concepts and technologies are captured, the long-term technology program shall have the goal of having a significant portion of its funding available for external grants and contracts with universities, research institutions, and industry.

§ 70507. Technology development

The Administrator shall establish an intra-Directorate long-term technology development program for space and Earth science within the Science Mission Directorate for the development of new technology. The program shall be independent of the flight projects under development. The Administration shall have a goal of funding the intra-Directorate technology development program at a level of 5 percent of the total Science Mission Directorate annual budget.

The program shall be structured to include competitively awarded grants and contracts.

§ 70508. Robotic or human servicing of spacecraft

The Administrator shall take all necessary steps to ensure that provision is made in the design and construction of all future observatory-class scientific spacecraft intended to be deployed in Earth orbit or at a Lagrangian point in space for robotic or human servicing and repair to the extent practicable and appropriate.

ESSOR SUBSECTOR IN THE BSAI.**

Cooperative Act.
16 USC 1851
note.
Deadlines.

(a) **IN GENERAL.**—Upon the request of eligible members of
the longline catcher processor subsector holding at least 80 percent
of the licenses issued for that subsector, the Secretary is authorized
to approve a single fishery cooperative for the longline catcher
processor subsector in the BSAI.

(b) **LIMITATION.**—A single fishery cooperative approved under
this section shall include a limitation prohibiting any eligible
member from harvesting a total of more than 20 percent of the
Pacific cod available to be harvested in the longline catcher proc-
essor subsector, the violation of which is subject to the penalties,
sanctions, and forfeitures under section 308 of the Magnuson-Stev-
ens Act (16 U.S.C. 1858), except that such limitation shall not
apply to harvest amounts from quota assigned explicitly to a CDQ
group as part of a CDQ allocation to an entity established by
section 305(i) of the Magnuson-Stevens Act (16 U.S.C. 1855(i)).

(c) **CONTRACT SUBMISSION AND REVIEW.**—The longline catcher
processor subsector shall submit to the Secretary—

(1) not later than November 1 of each year, a contract
to implement a single fishery cooperative approved under this
section for the following calendar year; and

of fishing under the single fishery cooperative, any interim
modifications to the contract submitted under paragraph (1).

(d) **DEPARTMENT OF JUSTICE REVIEW.**—Not later than November

shall submit to the Secretary a copy of a letter from a party
to the contract under subsection (c)(1) requesting a business review
letter from the Attorney General and any response to such request.

(e) **IMPLEMENTATION.**—The Secretary shall implement a single
fishery cooperative approved under this section not later than 2
years after receiving a request under subsection (a).

Records.

(f) **STATUS QUO FISHERY.**—If the longline catcher processor subsector does not submit a contract to the Secretary under subsection (c) then the longline catcher processor subsector in the BSAI shall operate as a limited access fishery for the following year subject to the license limitation program in effect for the longline catcher processor subsector on the date of enactment of this Act or any subsequent modifications to the license limitation program recommended by the Council and approved by the Secretary.

SEC. 3. HARVEST AND PROHIBITED SPECIES ALLOCATIONS TO A SINGLE FISHERY COOPERATIVE FOR THE LONGLINE CATCHER PROCESSOR SUBSECTOR IN THE BSAI.

A single fishery cooperative approved under section 2 may, on an annual basis, collectively—

(1) harvest the total amount of BSAI Pacific cod total allowable catch, less any amount allocated to the longline catcher processor subsector non-cooperative limited access fishery;

(2) utilize the total amount of BSAI Pacific cod prohibited species catch allocation, less any amount allocated to a longline catcher processor subsector non-cooperative limited access fishery; and

(3) harvest any reallocation of Pacific cod to the longline catcher processor subsector during a fishing year by the Secretary.

SEC. 4. LONGLINE CATCHER PROCESSOR SUBSECTOR NON-COOPERATIVE LIMITED ACCESS FISHERY.

(a) **IN GENERAL.**—An eligible member that elects not to participate in a single fishery cooperative approved under section 2 shall operate in a non-cooperative limited access fishery subject to the license limitation program in effect for the longline catcher processor subsector on the date of enactment of this Act or any subsequent modifications to the license limitation program recommended by the Council and approved by the Secretary.

(b) **HARVEST AND PROHIBITED SPECIES ALLOCATIONS.**—Eligible members operating in a non-cooperative limited access fishery under this section may collectively—

(1) harvest the percentage of BSAI Pacific cod total allowable catch equal to the combined average percentage of the BSAI Pacific cod harvest allocated to the longline catcher processor sector and retained by the vessel or vessels designated on the eligible members license limitation program license or licenses for 2006, 2007, and 2008, according to the catch accounting system data used to establish total catch; and

(2) utilize the percentage of BSAI Pacific cod prohibited species catch allocation equal to the percentage calculated under paragraph (1).

SEC. 5. AUTHORITY OF THE NORTH PACIFIC FISHERY MANAGEMENT COUNCIL.

(a) **IN GENERAL.**—Nothing in this Act shall supersede the authority of the Council to recommend for approval by the Secretary such conservation and management measures, in accordance with the Magnuson-Stevens Act (16 U.S.C. 1801 et seq.) as it considers necessary to ensure that this Act does not diminish the effectiveness

of fishery management in the BSAI or the Gulf of Alaska Pacific cod fishery.

(b) LIMITATIONS.—

(1) Notwithstanding the authority provided to the Council under this section, the Council is prohibited from altering or otherwise modifying—

(A) the methodology established under section 3 for allocating the BSAI Pacific cod total allowable catch and BSAI Pacific cod prohibited species catch allocation to a single fishery cooperative approved under this Act; or

(B) the methodology established under section 4 of this Act for allocating the BSAI Pacific cod total allowable catch and BSAI Pacific cod prohibited species catch allocation to the non-cooperative limited access fishery.

(c) PROTECTIONS FOR THE GULF OF ALASKA PACIFIC COD FISHERY.—The Council may recommend for approval by the Secretary such harvest limitations of Pacific cod by the longline catcher processor subsector in the Western Gulf of Alaska and the Central Gulf of Alaska as may be necessary to protect coastal communities and other Gulf of Alaska participants from potential competitive advantages provided to the longline catcher processor subsector by this Act.

SEC. 6. RELATIONSHIP TO THE MAGNUSON-STEVENSON ACT.

(a) IN GENERAL.—Consistent with section 301(a) of the Magnuson-Stevens Act (16 U.S.C. 1851(a)), a single fishery cooperative approved under section 2 of this Act is intended to enhance conservation and sustainable fishery management, reduce and minimize bycatch, promote social and economic benefits, and improve the vessel safety of the longline catcher processor subsector in the BSAI.

(b) TRANSITION RULE.—A single fishery cooperative approved under section 2 of this Act is deemed to meet the requirements of section 303A(i) of the Magnuson-Stevens Act (16 U.S.C. 1853a(i)) as if it had been approved by the Secretary within 6 months after the date of enactment of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006, unless the Secretary makes a determination, within 30 days after the date of enactment of this Act, that application of section 303A(i) of the Magnuson-Stevens Act to the cooperative approved under section 2 of this Act would be inconsistent with the purposes for which section 303A was added to the Magnuson-Stevens Act.

Deadlines.

(c) COST RECOVERY.—Consistent with section 304(d)(2) of the Magnuson-Stevens Act (16 U.S.C. 1854(d)(2)), the Secretary is authorized to recover reasonable costs to administer a single fishery cooperative approved under section 2 of this Act.

Restore Online
Shoppers’
Confidence Act.
15 USC 8401
note.

15 USC 8401.

To protect consumers from certain aggressive sales tactics on the Internet.

*Be it enacted by the Senate and House of Representatives of
the United States of America in Congress assembled,*

SECTION 1. SHORT TITLE.

This Act may be cited as the “Restore Online Shoppers’ Confidence Act”.

SEC. 2. FINDINGS; DECLARATION OF POLICY.

The Congress finds the following:

(1) The Internet has become an important channel of commerce in the United States, accounting for billions of dollars in retail sales every year. Over half of all American adults have now either made an online purchase or an online travel reservation.

(2) Consumer confidence is essential to the growth of online commerce. To continue its development as a marketplace, the Internet must provide consumers with clear, accurate information and give sellers an opportunity to fairly compete with one another for consumers’ business.

(3) An investigation by the Senate Committee on Commerce, Science, and Transportation found abundant evidence that the aggressive sales tactics many companies use against their online customers have undermined consumer confidence in the Internet and thereby harmed the American economy.

(4) The Committee showed that, in exchange for “bounties” and other payments, hundreds of reputable online retailers and websites shared their customers’ billing information, including credit card and debit card numbers, with third party sellers through a process known as “data pass”. These third party sellers in turn used aggressive, misleading sales tactics to charge millions of American consumers for membership clubs the consumers did not want.

(5) Third party sellers offered membership clubs to consumers as they were in the process of completing their initial transactions on hundreds of websites. These third party “post-transaction” offers were designed to make consumers think the offers were part of the initial purchase, rather than a new transaction with a new seller.

(6) Third party sellers charged millions of consumers for membership clubs without ever obtaining consumers’ billing information, including their credit or debit card information, directly from the consumers. Because third party sellers

acquired consumers' billing information from the initial merchant through "data pass", millions of consumers were unaware they had been enrolled in membership clubs.

(7) The use of a "data pass" process defied consumers' expectations that they could only be charged for a good or a service if they submitted their billing information, including their complete credit or debit card numbers.

(8) Third party sellers used a free trial period to enroll members, after which they periodically charged consumers until consumers affirmatively canceled the memberships. This use of "free-to-pay conversion" and "negative option" sales took advantage of consumers' expectations that they would have an opportunity to accept or reject the membership club offer at the end of the trial period.

SEC. 3. PROHIBITIONS AGAINST CERTAIN UNFAIR AND DECEPTIVE INTERNET SALES PRACTICES. 15 USC 8402.

(a) **REQUIREMENTS FOR CERTAIN INTERNET-BASED SALES.**—It shall be unlawful for any post-transaction third party seller to charge or attempt to charge any consumer's credit card, debit card, bank account, or other financial account for any good or service sold in a transaction effected on the Internet, unless—

(1) before obtaining the consumer's billing information, the post-transaction third party seller has clearly and conspicuously disclosed to the consumer all material terms of the transaction, including—

(A) a description of the goods or services being offered;

(B) the fact that the post-transaction third party seller is not affiliated with the initial merchant, which may include disclosure of the name of the post-transaction third party in a manner that clearly differentiates the post-transaction third party seller from the initial merchant; and

(C) the cost of such goods or services; and

(2) the post-transaction third party seller has received the express informed consent for the charge from the consumer whose credit card, debit card, bank account, or other financial account will be charged by—

(A) obtaining from the consumer—

(i) the full account number of the account to be charged; and

(ii) the consumer's name and address and a means to contact the consumer; and

(B) requiring the consumer to perform an additional affirmative action, such as clicking on a confirmation button or checking a box that indicates the consumer's consent to be charged the amount disclosed.

(b) **PROHIBITION ON DATA-PASS USED TO FACILITATE CERTAIN DECEPTIVE INTERNET SALES TRANSACTIONS.**—It shall be unlawful for an initial merchant to disclose a credit card, debit card, bank account, or other financial account number, or to disclose other billing information that is used to charge a customer of the initial merchant, to any post-transaction third party seller for use in an Internet-based sale of any goods or services from that post-transaction third party seller.

(c) APPLICATION WITH OTHER LAW.—Nothing in this Act shall be construed to supersede, modify, or otherwise affect the requirements of the Electronic Funds Transfer Act (15 U.S.C. 1693 et seq.) or any regulation promulgated thereunder.

(d) DEFINITIONS.—In this section:

(1) INITIAL MERCHANT.—The term “initial merchant” means a person that has obtained a consumer’s billing information directly from the consumer through an Internet transaction initiated by the consumer.

(2) POST-TRANSACTION THIRD PARTY SELLER.—The term “post-transaction third party seller” means a person that—

(A) sells, or offers for sale, any good or service on the Internet;

(B) solicits the purchase of such goods or services on the Internet through an initial merchant after the consumer has initiated a transaction with the initial merchant; and

(C) is not—

(i) the initial merchant;

(ii) a subsidiary or corporate affiliate of the initial merchant; or

(iii) a successor of an entity described in clause

(i) or (ii).

15 USC 8403.

SEC. 4. NEGATIVE OPTION MARKETING ON THE INTERNET.

It shall be unlawful for any person to charge or attempt to charge any consumer for any goods or services sold in a transaction effected on the Internet through a negative option feature (as defined in the Federal Trade Commission’s Telemarketing Sales Rule in part 310 of title 16, Code of Federal Regulations), unless the person—

(1) provides text that clearly and conspicuously discloses all material terms of the transaction before obtaining the consumer’s billing information;

(2) obtains a consumer’s express informed consent before charging the consumer’s credit card, debit card, bank account, or other financial account for products or services through such transaction; and

(3) provides simple mechanisms for a consumer to stop recurring charges from being placed on the consumer’s credit card, debit card, bank account, or other financial account.

15 USC 8404.

(c) **AUTHORITY PRESERVED.**—Nothing in this section shall be construed to limit the authority of the Commission under any other provision of law.

SEC. 6. ENFORCEMENT BY STATE ATTORNEYS GENERAL.

15 USC 8405.

(a) **RIGHT OF ACTION.**—Except as provided in subsection (e), the attorney general of a State, or other authorized State officer, alleging a violation of this Act or any regulation issued under this Act that affects or may affect such State or its residents may bring an action on behalf of the residents of the State in any United States district court for the district in which the defendant is found, resides, or transacts business, or wherever venue is proper under section 1391 of title 28, United States Code, to obtain appropriate injunctive relief.

(b) **NOTICE TO COMMISSION REQUIRED.**—A State shall provide prior written notice to the Federal Trade Commission of any civil action under subsection (a) together with a copy of its complaint, except that if it is not feasible for the State to provide such prior notice, the State shall provide such notice immediately upon instituting such action.

(c) **INTERVENTION BY THE COMMISSION.**—The Commission may intervene in such civil action and upon intervening—

(E) REPORT.—The head of each executive agency shall report the waivers granted under subparagraphs (A) and (B) for that agency to the Board on an annual basis.

(c) REQUIRED BOARD ACTION FOR PRESCRIBING STANDARDS AND INTERPRETATIONS.—Before prescribing cost accounting standards and interpretations, the Board shall—

(1) take into account, after consultation and discussions with the Comptroller General, professional accounting organizations, contractors, and other interested parties—

(A) the probable costs of implementation, including any inflationary effects, compared to the probable benefits;

(B) the advantages, disadvantages, and improvements anticipated in the pricing and administration of, and settlement of disputes concerning, contracts; and

(C) the scope of, and alternatives available to, the action proposed to be taken;

(2) prepare and publish a report in the Federal Register on the issues reviewed under paragraph (1);

(3)(A) publish an advanced notice of proposed rulemaking in the Federal Register to solicit comments on the report prepared under paragraph (2);

(B) provide all parties affected at least 60 days after publication to submit their views and comments; and

(C) during the 60-day period, consult with the Comptroller General and consider any recommendation the Comptroller General may make; and

(4) publish a notice of proposed rulemaking in the Federal Register and provide all parties affected at least 60 days after publication to submit their views and comments.

The Board shall determine implementation dates for contractors and subcontractors. The dates may not be later than

the beginning of the second fiscal year of the contractor or subcontractor after the standard becomes effective.

(e) ACCOMPANYING MATERIAL.—Rules, regulations, cost accounting standards, and modifications thereof prescribed or amended under this chapter shall be accompanied by prefatory comments and by illustrations, if necessary.

(b) AMOUNT OF ADJUSTMENT.—A contract price adjustment undertaken under section 1502(f)(2) of this title shall be made, where applicable, on relevant contracts between the Federal Government and the contractor that are subject to the cost accounting standards so as to protect the Federal Government from payment, in the aggregate, of increased costs, as defined by the Cost Accounting Standards Board. The Federal Government may not recover costs greater than the aggregate increased cost to the Federal Government, as defined by the Board, on the relevant contracts subject to the price adjustment unless the contractor made a change in its cost accounting practices of which it was aware or should have been aware at the time of the price negotiation and which it failed to disclose to the Federal Government.

(c) INTEREST.—The interest rate applicable to a contract price adjustment is the annual rate of interest established under section 6621 of the Internal Revenue Code of 1986 (26 U.S.C. 6621) for the period. Interest accrues from the time payments of the increased costs were made to the contractor or subcontractor to the time the Federal Government receives full compensation for the price adjustment.

§ 1504. Effect on other standards and regulations

(a) PREVIOUSLY EXISTING STANDARDS.—All cost accounting standards, waivers, exemptions, interpretations, modifications, rules, and regulations prescribed by the Cost Accounting Standards Board

(ii) In the case of a failure to include the certification in a submitted report, the date on which the report was submitted to Congress.

(C) **REPORT AND CERTIFICATION REQUIRED BEFORE SOLICITATION OR AWARD OF CONTRACT.**—If the head of the executive agency determines that the report required by paragraph (1) was not submitted or that the required certification was not included in the submitted report, the function for which the public-private competition was conducted for which the objection was submitted may not be the subject of a solicitation of offers for, or award of, a contract

until, respectively, the report is submitted or a report containing the certification in full compliance with the certification requirement is submitted.

(d) **EXEMPTION FOR THE PURCHASE OF PRODUCTS AND SERVICES OF THE BLIND AND OTHER SEVERELY DISABLED PEOPLE.**—This section shall not apply to a commercial or industrial type function of an executive agency that is—

(c) REQUIREMENT FOR PERIODIC ADJUSTMENT.—

(1) BASELINE CONSTANT DOLLAR VALUE.—For purposes of paragraph (2), the baseline constant dollar value for a dollar threshold—

(A) in effect on October 1, 2000, that was first specified in a law that took effect on or before October 1, 2000, is the October 1, 2000, constant dollar value of that dollar threshold; and

(B) specified in a law that takes effect after October 1, 2000, is the constant dollar value of that threshold as of the effective date of that dollar threshold pursuant to that law.

(2) ADJUSTMENT.—On October 1 of each year evenly divisible by 5, the Council shall adjust each acquisition-related dollar threshold provided by law, as described in subsection (b)(1), to the baseline constant dollar value of that threshold.

(3) EXCLUSIVE MEANS OF ADJUSTMENT.—A dollar threshold adjustable under this section shall be adjusted only as provided in this section.

(d) PUBLICATION.—The Council shall publish a notice of the adjusted dollar thresholds under this section in the Federal Register. The thresholds take effect on the date of publication.

(1) PETITION SUBMITTED TO ADMINISTRATOR.—A person may request adjustment of a dollar threshold adjustable under this section that is not included in a notice of adjustment published under subsection (d) by submitting a petition for adjustment to the Administrator.

(2) ACTIONS OF ADMINISTRATOR.—On receipt of a petition for adjustment of a dollar threshold under paragraph (1), the Administrator—

(A) shall determine, in writing, whether the dollar threshold is required to be adjusted under this section; and

(B) on determining that it should be adjusted, shall publish in the Federal Register a revised notice of the adjustment dollar thresholds under this section that includes the adjustment of the dollar threshold covered by the petition.

(3) EFFECTIVE DATE OF ADJUSTMENT BY PETITION.—The adjustment of a dollar threshold pursuant to a petition under this subsection takes effect on the date the revised notice adding the adjustment under paragraph (2)(B) is published.

(d) PRESIDENTIAL DETERMINATION.—Before the regulations required by subsection (a) are prescribed, the President shall determine if prescribing the regulations will have a significantly adverse effect on the accomplishment of the mission of the Defense Department or another Federal agency. If the President determines that the regulations will have such an adverse effect, the President

shall so report to the appropriate committees of the Senate and the House of Representatives, stating in full the reasons for the determination. If such a report is submitted, the requirement for the regulations shall be null and void.

(a) USE.—To the maximum extent practicable, the head of an executive agency should use modular contracting for an acquisition of a major system of information technology.

(b) MODULAR CONTRACTING DESCRIBED.—Under modular contracting, an executive agency's need for a system is satisfied in successive acquisitions of interoperable increments. Each increment complies with common or commercially accepted standards applicable to information technology so that the increments are compatible with other increments of information technology comprising the system.

(c) PROVISIONS IN FEDERAL ACQUISITION REGULATION.—The Federal Acquisition Regulation shall provide that—

- (1) under the modular contracting process, an acquisition of a major system of information technology may be divided into several smaller acquisition increments that—
 - (A) are easier to manage individually than would be one comprehensive acquisition;
 - (B) address complex information technology objectives incrementally in order to enhance the likelihood of achieving workable solutions for attaining those objectives;
 - (C) provide for delivery, implementation, and testing of workable systems or solutions in discrete increments, each of which comprises a system or solution that is not dependent on a subsequent increment in order to perform its principal functions; and
 - (D) provide an opportunity for subsequent increments of the acquisition to take advantage of any evolution in technology or needs that occurs during conduct of the earlier increments;

(2) to the maximum extent practicable, a contract for an increment of an information technology acquisition should be awarded within 180 days after the solicitation is issued and, if the contract for that increment cannot be awarded within that period, the increment should be considered for cancellation; and

(b) PERMISSIBLE CONTRACT CLAUSES.—Subsection (a) does not prohibit an executive agency from including in a contract a clause that requires the contractor to permit inspections to ensure that the contractor is performing the contract in accordance with the provisions of the contract.

§ 2310. Performance-based contracts or task orders for services to be treated as contracts for the procurement of commercial items

(a) CRITERIA.—A performance-based contract for the procurement of services entered into by an executive agency or a performance-based task order for services issued by an executive agency may be treated as a contract for the procurement of commercial items if—

(1) the value of the contract or task order is estimated not to exceed \$25,000,000;

The data may be collected using the Federal Procurement Data System or other reporting mechanism.

§ 2311. Enhanced transparency on interagency contracting and other transactions

The Director of the Office of Management and Budget shall direct appropriate revisions to the Federal Procurement Data System or any successor system to facilitate the collection of complete, timely, and reliable data on interagency contracting actions and on transactions other than contracts, grants, and cooperative agreements issued pursuant to section 2371 of title 10 or similar authorities. The Director of the Office of Management and Budget shall ensure that data, consistent with what is collected for contract actions, is obtained on—

- (1) interagency contracting actions, including data at the task or delivery-order level; and
- (2) other transactions, including the initial award and any subsequent modifications awarded or orders issued (other than transactions that are reported through the Federal Assistance Awards Data System).

(f) EDUCATION AND TRAINING.—The Administrator of General Services may, in consultation with the Director of the Federal Acquisition Institute and the Chief Acquisition Officers Council, establish educational and training requirements for members of the Corps. Education and training carried out pursuant to the requirements shall be paid for from funds available in the acquisition workforce training fund established pursuant to section 1703(i) of this title.

(g) SALARY.—The salary for a member of the Corps shall be paid—

(1) in the case of a member of the Armed Forces, out of funds available to the Armed Force concerned; and

(2) in the case of a Federal employee, out of funds available to the employing agency.

(h) AUTHORITY TO DEPLOY THE CORPS.—

(1) DIRECTOR OF THE OFFICE OF MANAGEMENT AND BUDGET.—The Director of the Office of Management and Budget shall have the authority, upon request by an executive agency, to determine when members of the Corps shall be deployed, with the concurrence of the head of the agency or agencies employing the members to be deployed.

(2) SECRETARY OF DEFENSE.—Nothing in this section shall preclude the Secretary of Defense or the Secretary's designee from deploying members of the Armed Forces or civilian personnel of the Department of Defense in support of a contingency operation as defined in section 101(a)(13) of title 10.

(c) INFORMATION INCLUDED.—With respect to a covered person, the database shall include information (in the form of a brief description) for the most recent 5-year period regarding the following:

(1) Each civil or criminal proceeding, or any administrative proceeding, in connection with the award or performance of a contract or grant with the Federal Government with respect to the person during the period to the extent that the proceeding results in the following dispositions:

(B) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(C) In an administrative proceeding, a finding of fault and liability that results in—

(i) the payment of a monetary fine or penalty of \$5,000 or more; or

(ii) the payment of a reimbursement, restitution, or damages in excess of \$100,000.

(D) To the maximum extent practicable and consistent with applicable laws and regulations, in a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the person if the proceeding could have led to any of the outcomes specified in subparagraph (A), (B), or (C).

(2) Each Federal contract and grant awarded to the person that was terminated in the period due to default.

(3) Each Federal suspension and debarment of the person.

(4) Each Federal administrative agreement entered into by the person and the Federal Government in the period to resolve a suspension or debarment proceeding.

(d) REQUIREMENTS RELATING TO DATABASE INFORMATION.—

(2) TIMELINESS AND ACCURACY.—The Administrator of General Services shall develop policies to require—

(A) the timely and accurate input of information into the database;

(B) the timely notification of any covered person when information relevant to the person is entered into the database; and

(C) opportunities for any covered person to submit comments pertaining to information about the person for inclusion in the database.

(e) USE OF DATABASE.—

(1) AVAILABILITY TO GOVERNMENT OFFICIALS.—The Administrator of General Services shall ensure that the information in the database is available to appropriate acquisition officials of Federal agencies, other government officials as the Administrator of General Services determines appropriate, and, on request, the Chairman and Ranking Member of the committees of Congress having jurisdiction.

(2) REVIEW AND ASSESSMENT OF DATA.—

(A) IN GENERAL.—Before awarding a contract or grant in excess of the simplified acquisition threshold under section 134 of this title, the Federal agency official responsible for awarding the contract or grant shall review the database and consider all information in the database with regard to any offer or proposal, and in the case of a contract, shall consider other past performance information available with respect to the offeror in making any responsibility determination or past performance evaluation for the offeror.

(B) DOCUMENTATION IN CONTRACT FILE.—The contract file for each contract of a Federal agency in excess of the simplified acquisition threshold shall document the manner in which the material in the database was considered in any responsibility determination or past performance evaluation.

(f) DISCLOSURE IN APPLICATIONS.—The Federal Acquisition Regulation shall require that persons with Federal agency contracts and grants valued in total greater than \$10,000,000 shall—

(1) submit to the Administrator of General Services, in a manner determined appropriate by the Administrator of General Services, the information subject to inclusion in the database as listed in subsection (c) current as of the date of submittal of the information under this subsection; and

(2) update the information submitted under paragraph (1) on a semiannual basis.

(g) RULEMAKING.—The Administrator of General Services shall prescribe regulations that may be necessary to carry out this section.

Sec.	
3101.	Applicability.
3102.	Delegation and assignment of powers, functions, and responsibilities.
3103.	Acquisition programs.
3104.	Small business concerns.
3105.	New contracts and grants and merit-based selection procedures.
3106.	Erection, repair, or furnishing of public buildings and improvements not authorized, and certain contracts not permitted, by this division.

§ 3101. Applicability

(a) IN GENERAL.—An executive agency shall make purchases and contracts for property and services in accordance with this division and implementing regulations of the Administrator of General Services.

(b) SIMPLIFIED ACQUISITION THRESHOLD AND PROCEDURES.—

(2) APPLICABILITY OF CERTAIN LAWS RELATED TO ADVERTISING, OPENING OF BIDS, AND LENGTH OF CONTRACT.—Sections 6101, 6103, and 6304 of this title do not apply to the procurement of property or services made by an executive agency pursuant to this division. However, when this division is made inapplicable by any law, sections 6101 and 6103 of this title apply in the absence of authority conferred by statute to procure without advertising or without regard to section 6101 of this title. A law that authorizes an executive agency (other than an executive agency exempted from this division by this subsection) to procure property or services without advertising or without regard to section 6101 of this title is deemed to authorize the procurement pursuant to the provisions of this division relating to procedures other than sealed-bid procedures.

§ 3102. Delegation and assignment of powers, functions, and responsibilities

(a) IN GENERAL.—Except to the extent expressly prohibited by another law, the head of an executive agency may delegate to another officer or official of that agency any power under this division.

(b) PROCUREMENTS FOR OR WITH ANOTHER AGENCY.—Subject to subsection (a), to facilitate the procurement of property and services covered by this division by an executive agency for another executive agency, and to facilitate joint procurement by executive agencies—

(1) the head of an executive agency may delegate functions and assign responsibilities relating to procurement to any officer or employee within the agency;

(2) the heads of 2 or more executive agencies, consistent with section 1535 of title 31 and regulations prescribed under section 1074 of the Federal Acquisition Streamlining Act of 1994 (Public Law 103–355, 31 U.S.C. 1535 note), may by agreement delegate procurement functions and assign procurement responsibilities from one executive agency to another of those executive agencies or to an officer or civilian employee of another of those executive agencies; and

(3) the heads of 2 or more executive agencies may establish joint or combined offices to exercise procurement functions and responsibilities.

§ 3103. Acquisition programs

(a) CONGRESSIONAL POLICY.—It is the policy of Congress that the head of each executive agency should achieve, on average, 90 percent of the cost, performance, and schedule goals established for major acquisition programs of the agency.

(b) ESTABLISHMENT OF GOALS.—

(1) BY HEAD OF EXECUTIVE AGENCY.—The head of each executive agency shall approve or define the cost, performance, and schedule goals for major acquisition programs of the agency.

(2) BY CHIEF FINANCIAL OFFICER.—The chief financial officer of an executive agency shall evaluate the cost goals proposed for each major acquisition program of the agency.

(c) IDENTIFICATION OF NONCOMPLIANT PROGRAMS.—When it is necessary to implement the policy set out in subsection (a), the head of an executive agency shall—

(1) determine whether there is a continuing need for programs that are significantly behind schedule, over budget, or not in compliance with performance or capability requirements; and

(2) identify suitable actions to be taken, including termination, with respect to those programs.

§ 3104. Small business concerns

It is the policy of Congress that a fair proportion of the total purchases and contracts for property and services for the Federal Government shall be placed with small business concerns.

§ 3105. New contracts and grants and merit-based selection procedures

(a) CONGRESSIONAL POLICY.—It is the policy of Congress that—

(1) an executive agency should not be required by legislation to award—

(A) a new contract to a specific non-Federal Government entity; or

(B) a new grant for research, development, test, or evaluation to a non-Federal Government entity; and

(2) a program, project, or technology identified in legislation be procured or awarded through merit-based selection procedures.

(b) NEW CONTRACT AND NEW GRANT DESCRIBED.—For purposes of this section—

(1) a contract is a new contract unless the work provided for in the contract is a continuation of the work performed by the specified entity under a prior contract; and

(2) a grant is a new grant unless the work provided for in the grant is a continuation of the work performed by the specified entity under a prior grant.

(c) REQUIREMENTS FOR AWARDED NEW CONTRACT OR NEW GRANT.—A provision of law may not be construed as requiring a new contract or a new grant to be awarded to a specified non-Federal Government entity unless the provision of law specifically—

(1) refers to this section;

(2) identifies the particular non-Federal Government entity involved; and

(3) states that the award to that entity is required by the provision of law in contravention of the policy set forth in subsection (a).

(d) EXCEPTION.—This section does not apply to a contract or grant that calls on the National Academy of Sciences to investigate, examine, or experiment on a subject of science or art of significance to an executive agency and to report on those matters to Congress or an agency of the Federal Government.

§ 3106. Erection, repair, or furnishing of public buildings and improvements not authorized, and certain contracts not permitted, by this division

This division does not—

§ 3301. Full and open competition

(a) IN GENERAL.—Except as provided in sections 3303, 3304(a), and 3305 of this title and except in the case of procurement procedures otherwise expressly authorized by statute, an executive agency in conducting a procurement for property or services shall—

- (1) obtain full and open competition through the use of competitive procedures in accordance with the requirements of this division and the Federal Acquisition Regulation; and
- (2) use the competitive procedure or combination of competitive procedures that is best suited under the circumstances of the procurement.

(b) APPROPRIATE COMPETITIVE PROCEDURES.—

(1) USE OF SEALED BIDS.—In determining the competitive procedures appropriate under the circumstance, an executive agency shall—

(A) solicit sealed bids if—

- (i) time permits the solicitation, submission, and evaluation of sealed bids;
- (ii) the award will be made on the basis of price and other price-related factors;
- (iii) it is not necessary to conduct discussions with the responding sources about their bids; and
- (iv) there is a reasonable expectation of receiving more than one sealed bid; or

(B) request competitive proposals if sealed bids are not appropriate under subparagraph (A).

(2) SEALED BID NOT REQUIRED.—Paragraph (1)(A) does not require the use of sealed-bid procedures in cases in which section 204(e) of title 23 applies.

(c) **EFFICIENT FULFILLMENT OF GOVERNMENT REQUIREMENTS.**—The Federal Acquisition Regulation shall ensure that the requirement to obtain full and open competition is implemented in a manner that is consistent with the need to efficiently fulfill the Federal Government’s requirements.

§ 3302. Requirements for purchase of property and services pursuant to multiple award contracts

(a) **DEFINITIONS.**—In this section:

(1) **EXECUTIVE AGENCY.**—The term “executive agency” has the same meaning given in section 133 of this title.

(2) **INDIVIDUAL PURCHASE.**—The term “individual purchase” means a task order, delivery order, or other purchase.

(3) **MULTIPLE AWARD CONTRACT.**—The term “multiple award contract” means—

(A) a contract that is entered into by the Administrator of General Services under the multiple award schedule program referred to in section 2302(2)(C) of title 10;

(B) a multiple award task order contract that is entered into under the authority of sections 2304a to 2304d of title 10, or chapter 41 of this title; and

(C) any other indefinite delivery, indefinite quantity contract that is entered into by the head of an executive agency with 2 or more sources pursuant to the same solicitation.

(4) **SOLE SOURCE TASK OR DELIVERY ORDER.**—The term “sole source task or delivery order” means any order that does not follow the competitive procedures in paragraph (2) or (3) of subsection (c).

(b) **REGULATIONS REQUIRED.**—The Federal Acquisition Regulation shall require enhanced competition in the purchase of property and services by all executive agencies pursuant to multiple award contracts.

(c) **CONTENT OF REGULATIONS.**—

(1) **IN GENERAL.**—The regulations required by subsection (b) shall provide that each individual purchase of property or services in excess of the simplified acquisition threshold that is made under a multiple award contract shall be made on a competitive basis unless a contracting officer—

(A) waives the requirement on the basis of a determination that—

(i) one of the circumstances described in paragraphs (1) to (4) of section 4106(c) of this title or section 2304c(b) of title 10 applies to the individual purchase; or

(ii) a law expressly authorizes or requires that the purchase be made from a specified source; and

(B) justifies the determination in writing.

(2) **COMPETITIVE BASIS PROCEDURES.**—For purposes of this subsection, an individual purchase of property or services is made on a competitive basis only if it is made pursuant to procedures that—

(A) require fair notice of the intent to make that purchase (including a description of the work to be performed and the basis on which the selection will be made) to be provided to all contractors offering the property or services under the multiple award contract; and

(B) afford all contractors responding to the notice a fair opportunity to make an offer and have that offer fairly considered by the official making the purchase.

(3) EXCEPTION TO NOTICE REQUIREMENT.—

(A) IN GENERAL.—Notwithstanding paragraph (2), and subject to subparagraph (B), notice may be provided to fewer than all contractors offering the property or services under a multiple award contract as described in subsection (a)(3)(A) if notice is provided to as many contractors as practicable.

(B) LIMITATION ON EXCEPTION.—A purchase may not be made pursuant to a notice that is provided to fewer than all contractors under subparagraph (A) unless—

(i) offers were received from at least 3 qualified contractors; or

(ii) a contracting officer of the executive agency determines in writing that no additional qualified contractors were able to be identified despite reasonable efforts to do so.

(d) PUBLIC NOTICE REQUIREMENTS RELATED TO SOLE SOURCE TASK OR DELIVERY ORDERS.—

(1) PUBLIC NOTICE REQUIRED.—The Federal Acquisition Regulation shall require the head of each executive agency to—

(A) publish on FedBizOpps notice of all sole source task or delivery orders in excess of the simplified acquisition threshold that are placed against multiple award contracts not later than 14 days after the orders are placed, except in the event of extraordinary circumstances or classified orders; and

(B) disclose the determination required by subsection (c)(1) related to sole source task or delivery orders in excess of the simplified acquisition threshold placed against multiple award contracts through the same mechanism and to the same extent as the disclosure of documents containing a justification and approval required by section 2304(f)(1) of title 10 and section 3304(e)(1) of this title, except in the event of extraordinary circumstances or classified orders.

(2) EXEMPTION.—This subsection does not require the public availability of information that is exempt from public disclosure under section 552(b) of title 5.

(e) APPLICABILITY.—The regulations required by subsection (b) shall apply to all individual purchases of property or services that are made under multiple award contracts on or after the effective date of the regulations, without regard to whether the multiple award contracts were entered into before, on, or after the effective date.

§ 3303. Exclusion of particular source or restriction of solicitation to small business concerns

(a) EXCLUSION OF PARTICULAR SOURCE.—

(1) CRITERIA FOR EXCLUSION.—An executive agency may provide for the procurement of property or services covered by section 3301 of this title using competitive procedures but excluding a particular source to establish or maintain an alternative source of supply for that property or service if the agency head determines that to do so would—

(A) increase or maintain competition and likely result in reduced overall cost for the procurement, or for an anticipated procurement, of the property or services;

(B) be in the interest of national defense in having a facility (or a producer, manufacturer, or other supplier) available for furnishing the property or service in case of a national emergency or industrial mobilization;

(C) be in the interest of national defense in establishing or maintaining an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a Federally funded research and development center;

(D) ensure the continuous availability of a reliable source of supply of the property or service;

(E) satisfy projected needs for the property or service determined on the basis of a history of high demand for the property or service; or

(F) satisfy a critical need for medical, safety, or emergency supplies.

(2) DETERMINATION FOR CLASS DISALLOWED.—A determination under paragraph (1) may not be made for a class of purchases or contracts.

(b) EXCLUSION OF OTHER THAN SMALL BUSINESS CONCERNS.—An executive agency may provide for the procurement of property or services covered by section 3301 of this title using competitive procedures, but excluding other than small business concerns in furtherance of sections 9 and 15 of the Small Business Act (15 U.S.C. 638, 644).

(c) NONAPPLICATION OF JUSTIFICATION AND APPROVAL REQUIREMENTS.—A contract awarded pursuant to the competitive procedures referred to in subsections (a) and (b) is not subject to the justification and approval required by section 3304(e)(1) of this title.

§ 3304. Use of noncompetitive procedures

(a) WHEN NONCOMPETITIVE PROCEDURES MAY BE USED.—An executive agency may use procedures other than competitive procedures only when—

(1) the property or services needed by the executive agency are available from only one responsible source and no other type of property or services will satisfy the needs of the executive agency;

(2) the executive agency's need for the property or services is of such an unusual and compelling urgency that the Federal Government would be seriously injured unless the executive agency is permitted to limit the number of sources from which it solicits bids or proposals;

(3) it is necessary to award the contract to a particular source—

(A) to maintain a facility, producer, manufacturer, or other supplier available for furnishing property or services in case of a national emergency or to achieve industrial mobilization;

(B) to establish or maintain an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a Federally funded research and development center;

(C) to procure the services of an expert for use, in any litigation or dispute (including any reasonably foreseeable

litigation or dispute) involving the Federal Government, in any trial, hearing, or proceeding before a court, administrative tribunal, or agency, whether or not the expert is expected to testify; or

(D) to procure the services of an expert or neutral for use in any part of an alternative dispute resolution or negotiated rulemaking process, whether or not the expert is expected to testify;

(4) the terms of an international agreement or treaty between the Federal Government and a foreign government or an international organization, or the written directions of a foreign government reimbursing the executive agency for the cost of the procurement of the property or services for that government, have the effect of requiring the use of procedures other than competitive procedures;

(5) subject to section 3105 of this title, a statute expressly authorizes or requires that the procurement be made through another executive agency or from a specified source, or the agency's need is for a brand-name commercial item for authorized resale;

(6) the disclosure of the executive agency's needs would compromise the national security unless the agency is permitted to limit the number of sources from which it solicits bids or proposals; or

(7) the head of the executive agency (who may not delegate the authority under this paragraph)—

(A) determines that it is necessary in the public interest to use procedures other than competitive procedures in the particular procurement concerned; and

(B) notifies Congress in writing of that determination not less than 30 days before the award of the contract.

(b) **PROPERTY OR SERVICES DEEMED AVAILABLE FROM ONLY ONE SOURCE.**—For the purposes of subsection (a)(1), in the case of—

(1) a contract for property or services to be awarded on the basis of acceptance of an unsolicited research proposal, the property or services are deemed to be available from only one source if the source has submitted an unsolicited research proposal that demonstrates a unique and innovative concept, the substance of which is not otherwise available to the Federal Government and does not resemble the substance of a pending competitive procurement; or

(2) a follow-on contract for the continued development or production of a major system or highly specialized equipment, the property may be deemed to be available only from the original source and may be procured through procedures other than competitive procedures when it is likely that award to a source other than the original source would result in—

(A) substantial duplication of cost to the Federal Government that is not expected to be recovered through competition; or

(B) unacceptable delay in fulfilling the executive agency's needs.

(c) **PROPERTY OR SERVICES NEEDED WITH UNUSUAL AND COMPELLING URGENCY.**—

(1) **ALLOWABLE CONTRACT PERIOD.**—The contract period of a contract described in paragraph (2) that is entered into by an executive agency pursuant to the authority provided under subsection (a)(2)—

(A) may not exceed the time necessary—

- (i) to meet the unusual and compelling requirements of the work to be performed under the contract; and
- (ii) for the executive agency to enter into another contract for the required goods or services through the use of competitive procedures; and

(B) may not exceed one year unless the head of the executive agency entering into the contract determines that exceptional circumstances apply.

(2) APPLICABILITY OF ALLOWABLE CONTRACT PERIOD.—This subsection applies to any contract in an amount greater than the simplified acquisition threshold.

(d) OFFER REQUESTS TO POTENTIAL SOURCES.—An executive agency using procedures other than competitive procedures to procure property or services by reason of the application of paragraph (2) or (6) of subsection (a) shall request offers from as many potential sources as is practicable under the circumstances.

(e) JUSTIFICATION FOR USE OF NONCOMPETITIVE PROCEDURES.—

(1) PREREQUISITES FOR AWARDING CONTRACT.—Except as provided in paragraphs (3) and (4), an executive agency may not award a contract using procedures other than competitive procedures unless—

(A) the contracting officer for the contract justifies the use of those procedures in writing and certifies the accuracy and completeness of the justification;

(B) the justification is approved, in the case of a contract for an amount—

(i) exceeding \$500,000 but equal to or less than \$10,000,000, by the advocate for competition for the procuring activity (without further delegation) or by an official referred to in clause (ii) or (iii);

(ii) exceeding \$10,000,000 but equal to or less than \$50,000,000, by the head of the procuring activity or by a delegate who, if a member of the armed forces, is a general or flag officer or, if a civilian, is serving in a position in which the individual is entitled to receive the daily equivalent of the maximum annual rate of basic pay payable for level IV of the Executive Schedule (or in a comparable or higher position under another schedule); or

(iii) exceeding \$50,000,000, by the senior procurement executive of the agency designated pursuant to section 1702(c) of this title (without further delegation); and

(C) any required notice has been published with respect to the contract pursuant to section 1708 of this title and the executive agency has considered all bids or proposals received in response to that notice.

(2) ELEMENTS OF JUSTIFICATION.—The justification required by paragraph (1)(A) shall include—

(A) a description of the agency's needs;

(B) an identification of the statutory exception from the requirement to use competitive procedures and a demonstration, based on the proposed contractor's qualifications or the nature of the procurement, of the reasons for using that exception;

(C) a determination that the anticipated cost will be fair and reasonable;

(D) a description of the market survey conducted or a statement of the reasons a market survey was not conducted;

(E) a listing of any sources that expressed in writing an interest in the procurement; and

(F) a statement of any actions the agency may take to remove or overcome a barrier to competition before a subsequent procurement for those needs.

(3) JUSTIFICATION ALLOWED AFTER CONTRACT AWARDED.—In the case of a procurement permitted by subsection (a)(2), the justification and approval required by paragraph (1) may be made after the contract is awarded.

(4) JUSTIFICATION NOT REQUIRED.—The justification and approval required by paragraph (1) are not required if—

(A) a statute expressly requires that the procurement be made from a specified source;

(B) the agency's need is for a brand-name commercial item for authorized resale;

(C) the procurement is permitted by subsection (a)(7);

or

(D) the procurement is conducted under chapter 85 of this title or section 8(a) of the Small Business Act (15 U.S.C. 637(a)).

(5) RESTRICTIONS ON EXECUTIVE AGENCIES.—

(A) CONTRACTS AND PROCUREMENT OF PROPERTY OR SERVICES.—In no case may an executive agency—

(i) enter into a contract for property or services using procedures other than competitive procedures on the basis of the lack of advance planning or concerns related to the amount available to the agency for procurement functions; or

(ii) procure property or services from another executive agency unless the other executive agency complies fully with the requirements of this division in its procurement of the property or services.

(B) ADDITIONAL RESTRICTION.—The restriction set out in subparagraph (A)(ii) is in addition to any other restriction provided by law.

(f) PUBLIC AVAILABILITY OF JUSTIFICATION AND APPROVAL REQUIRED FOR USING NONCOMPETITIVE PROCEDURES.—

(1) TIME REQUIREMENT.—

(A) WITHIN 14 DAYS AFTER CONTRACT AWARD.—Except as provided in subparagraph (B), in the case of a procurement permitted by subsection (a), the head of an executive agency shall make publicly available, within 14 days after the award of the contract, the documents containing the justification and approval required by subsection (e)(1) with respect to the procurement.

(B) WITHIN 30 DAYS AFTER CONTRACT AWARD.—In the case of a procurement permitted by subsection (a)(2), subparagraph (A) shall be applied by substituting “30 days” for “14 days”.

(2) AVAILABILITY ON WEBSITES.—The documents referred to in subparagraph (A) of paragraph (1) shall be made available on the website of the agency and through a Government-wide website selected by the Administrator.

(3) EXCEPTION TO AVAILABILITY AND APPROVAL REQUIREMENT.—This subsection does not require the public availability

of information that is exempt from public disclosure under section 552(b) of title 5.

§ 3305. Simplified procedures for small purchases

(a) AUTHORIZATION.—To promote efficiency and economy in contracting and to avoid unnecessary burdens for agencies and contractors, the Federal Acquisition Regulation shall provide for special simplified procedures for purchases of property and services for amounts—

- (1) not greater than the simplified acquisition threshold; and
- (2) greater than the simplified acquisition threshold but not greater than \$5,000,000 for which the contracting officer reasonably expects, based on the nature of the property or services sought and on market research, that offers will include only commercial items.

(b) LEASEHOLD INTERESTS IN REAL PROPERTY.—The Administrator of General Services shall prescribe regulations that provide special simplified procedures for acquisitions of leasehold interests in real property at rental rates that do not exceed the simplified acquisition threshold. The rental rate under a multiyear lease does not exceed the simplified acquisition threshold if the average annual amount of the rent payable for the period of the lease does not exceed the simplified acquisition threshold.

(c) PROHIBITION ON DIVIDING CONTRACTS.—A proposed purchase or contract for an amount above the simplified acquisition threshold may not be divided into several purchases or contracts for lesser amounts to use the simplified procedures required by subsection (a).

(d) PROMOTION OF COMPETITION.—In using the simplified procedures, an executive agency shall promote competition to the maximum extent practicable.

(e) COMPLIANCE WITH SPECIAL REQUIREMENTS OF FEDERAL ACQUISITION REGULATION.—An executive agency shall comply with the Federal Acquisition Regulation provisions referred to in section 1901(e) of this title.

§ 3306. Planning and solicitation requirements

(a) PLANNING AND SPECIFICATIONS.—

(1) PREPARING FOR PROCUREMENT.—In preparing for the procurement of property or services, an executive agency shall—

(A) specify its needs and solicit bids or proposals in a manner designed to achieve full and open competition for the procurement;

(B) use advance procurement planning and market research; and

(C) develop specifications in the manner necessary to obtain full and open competition with due regard to the nature of the property or services to be acquired.

(2) REQUIREMENTS OF SPECIFICATIONS.—Each solicitation under this division shall include specifications that—

(A) consistent with this division, permit full and open competition; and

(B) include restrictive provisions or conditions only to the extent necessary to satisfy the needs of the executive agency or as authorized by law.

(3) TYPES OF SPECIFICATIONS.—For the purposes of paragraphs (1) and (2), the type of specification included in a solicitation shall depend on the nature of the needs of the executive

agency and the market available to satisfy those needs. Subject to those needs, specifications may be stated in terms of—

- (A) function, so that a variety of products or services may qualify;
- (B) performance, including specifications of the range of acceptable characteristics or of the minimum acceptable standards; or
- (C) design requirements.

(b) CONTENTS OF SOLICITATION.—In addition to the specifications described in subsection (a), each solicitation for sealed bids or competitive proposals (other than for a procurement for commercial items using special simplified procedures or a purchase for an amount not greater than the simplified acquisition threshold) shall at a minimum include—

(1) a statement of—

(A) all significant factors and significant subfactors that the executive agency reasonably expects to consider in evaluating sealed bids (including price) or competitive proposals (including cost or price, cost-related or price-related factors and subfactors, and noncost-related or nonprice-related factors and subfactors); and

(B) the relative importance assigned to each of those factors and subfactors; and

(2)(A) in the case of sealed bids—

(i) a statement that sealed bids will be evaluated without discussions with the bidders; and

(ii) the time and place for the opening of the sealed bids; or

(B) in the case of competitive proposals—

(i) either a statement that the proposals are intended to be evaluated with, and the award made after, discussions with the offerors, or a statement that the proposals are intended to be evaluated, and the award made, without discussions with the offerors (other than discussions conducted for the purpose of minor clarification) unless discussions are determined to be necessary; and

(ii) the time and place for submission of proposals.

(c) EVALUATION FACTORS.—

(1) IN GENERAL.—In prescribing the evaluation factors to be included in each solicitation for competitive proposals, an executive agency shall—

(A) establish clearly the relative importance assigned to the evaluation factors and subfactors, including the quality of the product or services to be provided (including technical capability, management capability, prior experience, and past performance of the offeror);

(B) include cost or price to the Federal Government as an evaluation factor that must be considered in the evaluation of proposals; and

(C) disclose to offerors whether all evaluation factors other than cost or price, when combined, are—

- (i) significantly more important than cost or price;
- (ii) approximately equal in importance to cost or price; or
- (iii) significantly less important than cost or price.

(2) RESTRICTION ON IMPLEMENTING REGULATIONS.—Regulations implementing paragraph (1)(C) may not define the terms

“significantly more important” and “significantly less important” as specific numeric weights that would be applied uniformly to all solicitations or a class of solicitations.

(d) **ADDITIONAL INFORMATION IN SOLICITATION.**—This section does not prohibit an executive agency from—

(1) providing additional information in a solicitation, including numeric weights for all evaluation factors and subfactors on a case-by-case basis; or

(2) stating in a solicitation that award will be made to the offeror that meets the solicitation’s mandatory requirements at the lowest cost or price.

(e) **LIMITATION ON EVALUATION OF PURCHASE OPTIONS.**—An executive agency, in issuing a solicitation for a contract to be awarded using sealed bid procedures, may not include in the solicitation a clause providing for the evaluation of prices for options to purchase additional property or services under the contract unless the executive agency has determined that there is a reasonable likelihood that the options will be exercised.

(f) **AUTHORIZATION OF TELECOMMUTING FOR FEDERAL CONTRACTORS.**—

(1) **DEFINITION.**—In this subsection, the term “executive agency” has the meaning given that term in section 133 of this title.

(2) **FEDERAL ACQUISITION REGULATION TO ALLOW TELECOMMUTING.**—The Federal Acquisition Regulation issued in accordance with sections 1121(b) and 1303(a)(1) of this title shall permit telecommuting by employees of Federal Government contractors in the performance of contracts entered into with executive agencies.

(3) **SCOPE OF ALLOWANCE.**—The Federal Acquisition Regulation at a minimum shall provide that a solicitation for the acquisition of property or services may not set forth any requirement or evaluation criteria that would—

(A) render an offeror ineligible to enter into a contract on the basis of the inclusion of a plan of the offeror to allow the offeror’s employees to telecommute, unless the contracting officer concerned first determines that the requirements of the agency, including security requirements, cannot be met if telecommuting is allowed and documents in writing the basis for the determination; or

(B) reduce the scoring of an offer on the basis of the inclusion in the offer of a plan of the offeror to allow the offeror’s employees to telecommute, unless the contracting officer concerned first determines that the requirements of the agency, including security requirements, would be adversely impacted if telecommuting is allowed and documents in writing the basis for the determination.

§ 3307. Preference for commercial items

(a) **RELATIONSHIP OF PROVISIONS OF LAW TO PROCUREMENT OF COMMERCIAL ITEMS.**—

(1) **THIS DIVISION.**—Unless otherwise specifically provided, all other provisions in this division also apply to the procurement of commercial items.

(2) **LAWS LISTED IN FEDERAL ACQUISITION REGULATION.**—A contract for the procurement of a commercial item entered into by the head of an executive agency is not subject to

a law properly listed in the Federal Acquisition Regulation pursuant to section 1906 of this title.

(b) PREFERENCE.—The head of each executive agency shall ensure that, to the maximum extent practicable—

(1) requirements of the executive agency with respect to a procurement of supplies or services are stated in terms of—

- (A) functions to be performed;
- (B) performance required; or
- (C) essential physical characteristics;

(2) those requirements are defined so that commercial items or, to the extent that commercial items suitable to meet the executive agency's needs are not available, nondevelopmental items other than commercial items may be procured to fulfill those requirements; and

(3) offerors of commercial items and nondevelopmental items other than commercial items are provided an opportunity to compete in any procurement to fill those requirements.

(c) IMPLEMENTATION.—The head of each executive agency shall ensure that procurement officials in that executive agency, to the maximum extent practicable—

(1) acquire commercial items or nondevelopmental items other than commercial items to meet the needs of the executive agency;

(2) require that prime contractors and subcontractors at all levels under contracts of the executive agency incorporate commercial items or nondevelopmental items other than commercial items as components of items supplied to the executive agency;

(3) modify requirements in appropriate cases to ensure that the requirements can be met by commercial items or, to the extent that commercial items suitable to meet the executive agency's needs are not available, nondevelopmental items other than commercial items;

(4) state specifications in terms that enable and encourage bidders and offerors to supply commercial items or, to the extent that commercial items suitable to meet the executive agency's needs are not available, nondevelopmental items other than commercial items in response to the executive agency solicitations;

(5) revise the executive agency's procurement policies, practices, and procedures not required by law to reduce any impediments in those policies, practices, and procedures to the acquisition of commercial items; and

(6) require training of appropriate personnel in the acquisition of commercial items.

(d) MARKET RESEARCH.—

(1) WHEN TO BE USED.—The head of an executive agency shall conduct market research appropriate to the circumstances—

(A) before developing new specifications for a procurement by that executive agency; and

(B) before soliciting bids or proposals for a contract in excess of the simplified acquisition threshold.

(2) USE OF RESULTS.—The head of an executive agency shall use the results of market research to determine whether commercial items or, to the extent that commercial items suitable to meet the executive agency's needs are not available,

nondevelopmental items other than commercial items are available that—

(A) meet the executive agency's requirements;

(B) could be modified to meet the executive agency's requirements; or

(C) could meet the executive agency's requirements if those requirements were modified to a reasonable extent.

(3) ONLY MINIMUM INFORMATION REQUIRED TO BE SUBMITTED.—In conducting market research, the head of an executive agency should not require potential sources to submit more than the minimum information that is necessary to make the determinations required in paragraph (2).

(e) REGULATIONS.—

(1) IN GENERAL.—The Federal Acquisition Regulation shall provide regulations to implement this section, sections 102, 103, 105, and 110 of this title, and chapter 140 of title 10.

(2) CONTRACT CLAUSES.—

(A) DEFINITION.—In this paragraph, the term “subcontract” includes a transfer of commercial items between divisions, subsidiaries, or affiliates of a contractor or subcontractor.

(B) LIST OF CLAUSES TO BE INCLUDED.—The regulations prescribed under paragraph (1) shall contain a list of contract clauses to be included in contracts for the acquisition of commercial end items. To the maximum extent practicable, the list shall include only those contract clauses that are—

(i) required to implement provisions of law or executive orders applicable to acquisitions of commercial items or commercial components; or

(ii) determined to be consistent with standard commercial practice.

(C) REQUIREMENTS OF PRIME CONTRACTOR.—The regulations shall provide that the Federal Government shall not require a prime contractor to apply to any of its divisions, subsidiaries, affiliates, subcontractors, or suppliers that are furnishing commercial items any contract clause except those that are—

(i) required to implement provisions of law or executive orders applicable to subcontractors furnishing commercial items or commercial components; or

(ii) determined to be consistent with standard commercial practice.

(D) CLAUSES THAT MAY BE USED IN A CONTRACT.—To the maximum extent practicable, only the contract clauses listed pursuant to subparagraph (B) may be used in a contract, and only the contract clauses referred to in subparagraph (C) may be required to be used in a subcontract, for the acquisition of commercial items or commercial components by or for an executive agency.

(E) WAIVER OF CONTRACT CLAUSES.—The Federal Acquisition Regulation shall provide standards and procedures for waiving the use of contract clauses required pursuant to subparagraph (B), other than those required by law, including standards for determining the cases in which a waiver is appropriate.

(3) MARKET ACCEPTANCE.—

(A) REQUIREMENT OF OFFERORS.—The Federal Acquisition Regulation shall provide that under appropriate conditions the head of an executive agency may require offerors to demonstrate that the items offered—

(i) have achieved commercial market acceptance or been satisfactorily supplied to an executive agency under current or recent contracts for the same or similar requirements; and

(ii) otherwise meet the item description, specifications, or other criteria prescribed in the public notice and solicitation relating to the contract.

(B) REGULATION TO PROVIDE GUIDANCE ON CRITERIA.—The Federal Acquisition Regulation shall provide guidance to ensure that the criteria for determining commercial market acceptance include the consideration of—

(i) the minimum needs of the executive agency concerned; and

(ii) the entire relevant commercial market, including small businesses.

(4) PROVISIONS RELATING TO TYPES OF CONTRACTS.—

(A) TYPES OF CONTRACTS THAT MAY BE USED.—The Federal Acquisition Regulation shall include, for acquisitions of commercial items—

(i) a requirement that firm, fixed price contracts or fixed price with economic price adjustment contracts be used to the maximum extent practicable;

(ii) a prohibition on use of cost type contracts; and

(iii) subject to subparagraph (B), authority for use of a time-and-materials or labor-hour contract for the procurement of commercial services that are commonly sold to the general public through those contracts and are purchased by the procuring agency on a competitive basis.

(B) WHEN TIME-AND-MATERIALS OR LABOR-HOUR CONTRACT MAY BE USED.—A time-and-materials or labor-hour contract may be used pursuant to the authority referred to in subparagraph (A)(iii)—

(i) only for a procurement of commercial services in a category of commercial services described in subparagraph (C); and

(ii) only if the contracting officer for the procurement—

(I) executes a determination and findings that no other contract type is suitable;

(II) includes in the contract a ceiling price that the contractor exceeds at its own risk; and

(III) authorizes a subsequent change in the ceiling price only on a determination, documented in the contract file, that it is in the best interest of the procuring agency to change the ceiling price.

(C) CATEGORIES OF COMMERCIAL SERVICES.—The categories of commercial services referred to in subparagraph (B) are as follows:

(i) Commercial services procured for support of a commercial item, as described in section 103(5) of this title.

(ii) Any other category of commercial services that the Administrator for Federal Procurement Policy designates in the Federal Acquisition Regulation for the purposes of this subparagraph on the basis that—

(I) the commercial services in the category are of a type of commercial services that are commonly sold to the general public through use of time-and-materials or labor-hour contracts; and

(II) it would be in the best interests of the Federal Government to authorize use of time-and-materials or labor-hour contracts for purchases of the commercial services in the category.

(5) **CONTRACT QUALITY REQUIREMENTS.**—Regulations prescribed under paragraph (1) shall include provisions that—

(A) allow, to the maximum extent practicable, a contractor under a commercial items acquisition to use the existing quality assurance system of the contractor as a substitute for compliance with an otherwise applicable requirement for the Federal Government to inspect or test the commercial items before the contractor's tender of those items for acceptance by the Federal Government;

(B) require that, to the maximum extent practicable, the executive agency take advantage of warranties (including extended warranties) offered by offerors of commercial items and use those warranties for the repair and replacement of commercial items; and

(C) set forth guidance regarding the use of past performance of commercial items and sources as a factor in contract award decisions.

§ 3308. Planning for future competition in contracts for major systems

(a) **DEVELOPMENT CONTRACT.**—

(1) **DETERMINING WHETHER PROPOSALS ARE NECESSARY.**—In preparing a solicitation for the award of a development contract for a major system, the head of an agency shall consider requiring in the solicitation that an offeror include in its offer proposals described in paragraph (2). In determining whether to require the proposals, the head of the agency shall consider the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If the proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

(2) **CONTENTS OF PROPOSALS.**—The proposals that the head of an agency is to consider requiring in a solicitation for the award of a development contract are the following:

(A) Proposals to incorporate in the design of the major system items that are currently available within the supply system of the Federal agency responsible for the major system, available elsewhere in the national supply system, or commercially available from more than one source.

(B) With respect to items that are likely to be required in substantial quantities during the system's service life, proposals to incorporate in the design of the major system items that the Federal Government will be able to acquire competitively in the future.

(b) **PRODUCTION CONTRACT.**—

(1) DETERMINING WHETHER PROPOSALS ARE NECESSARY.—In preparing a solicitation for the award of a production contract for a major system, the head of an agency shall consider requiring in the solicitation that an offeror include in its offer proposals described in paragraph (2). In determining whether to require the proposals, the head of the agency shall consider the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If the proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

(2) CONTENT OF PROPOSALS.—The proposals that the head of an agency is to consider requiring in a solicitation for the award of a production contract are proposals identifying opportunities to ensure that the Federal Government will be able to obtain on a competitive basis items procured in connection with the system that are likely to be reprocured in substantial quantities during the service life of the system. Proposals submitted in response to this requirement may include the following:

(A) Proposals to provide to the Federal Government the right to use technical data to be provided under the contract for competitive reprocurement of the item, together with the cost to the Federal Government of acquiring the data and the right to use the data.

(B) Proposals for the qualification or development of multiple sources of supply for the item.

(c) CONSIDERATION OF FACTORS AS OBJECTIVES IN NEGOTIATIONS.—If the head of an agency is making a noncompetitive award of a development contract or a production contract for a major system, the factors specified in subsections (a) and (b) to be considered in evaluating an offer for a contract may be considered as objectives in negotiating the contract to be awarded.

§ 3309. Design-build selection procedures

(a) AUTHORIZATION.—Unless the traditional acquisition approach of design-bid-build established under sections 1101 to 1104 of title 40 or another acquisition procedure authorized by law is used, the head of an executive agency shall use the two-phase selection procedures authorized in this section for entering into a contract for the design and construction of a public building, facility, or work when a determination is made under subsection (b) that the procedures are appropriate for use.

(b) CRITERIA FOR USE.—A contracting officer shall make a determination whether two-phase selection procedures are appropriate for use for entering into a contract for the design and construction of a public building, facility, or work when—

(1) the contracting officer anticipates that 3 or more offers will be received for the contract;

(2) design work must be performed before an offeror can develop a price or cost proposal for the contract;

(3) the offeror will incur a substantial amount of expense in preparing the offer; and

(4) the contracting officer has considered information such as the following:

(A) The extent to which the project requirements have been adequately defined.

(B) The time constraints for delivery of the project.

(C) The capability and experience of potential contractors.

(D) The suitability of the project for use of the two-phase selection procedures.

(E) The capability of the agency to manage the two-phase selection process.

(F) Other criteria established by the agency.

(c) PROCEDURES DESCRIBED.—Two-phase selection procedures consist of the following:

(1) DEVELOPMENT OF SCOPE OF WORK STATEMENT.—The agency develops, either in-house or by contract, a scope of work statement for inclusion in the solicitation that defines the project and provides prospective offerors with sufficient information regarding the Federal Government's requirements (which may include criteria and preliminary design, budget parameters, and schedule or delivery requirements) to enable the offerors to submit proposals that meet the Federal Government's needs. If the agency contracts for development of the scope of work statement, the agency shall contract for architectural and engineering services as defined by and in accordance with sections 1101 to 1104 of title 40.

(2) SOLICITATION OF PHASE-ONE PROPOSALS.—The contracting officer solicits phase-one proposals that—

(A) include information on the offeror's—

(i) technical approach; and

(ii) technical qualifications; and

(B) do not include—

(i) detailed design information; or

(ii) cost or price information.

(3) EVALUATION FACTORS.—The evaluation factors to be used in evaluating phase-one proposals are stated in the solicitation and include specialized experience and technical competence, capability to perform, past performance of the offeror's team (including the architect-engineer and construction members of the team), and other appropriate factors, except that cost-related or price-related evaluation factors are not permitted. Each solicitation establishes the relative importance assigned to the evaluation factors and subfactors that must be considered in the evaluation of phase-one proposals. The agency evaluates phase-one proposals on the basis of the phase-one evaluation factors set forth in the solicitation.

(4) SELECTION BY CONTRACTING OFFICER.—

(A) NUMBER OF OFFERORS SELECTED AND WHAT IS TO BE EVALUATED.—The contracting officer selects as the most highly qualified the number of offerors specified in the solicitation to provide the property or services under the contract and requests the selected offerors to submit phase-two competitive proposals that include technical proposals and cost or price information. Each solicitation establishes with respect to phase two—

(i) the technical submission for the proposal, including design concepts or proposed solutions to requirements addressed within the scope of work, or both; and

(ii) the evaluation factors and subfactors, including cost or price, that must be considered in the evaluations of proposals in accordance with subsections (b) to (d) of section 3306 of this title.

(B) SEPARATE EVALUATIONS.—The contracting officer separately evaluates the submissions described in clauses (i) and (ii) of subparagraph (A).

(5) AWARDING OF CONTRACT.—The agency awards the contract in accordance with chapter 37 of this title.

(d) SOLICITATION TO STATE NUMBER OF OFFERORS TO BE SELECTED FOR PHASE-TWO REQUESTS FOR COMPETITIVE PROPOSALS.—A solicitation issued pursuant to the procedures described in subsection (c) shall state the maximum number of offerors that are to be selected to submit competitive proposals pursuant to subsection (c)(4). The maximum number specified in the solicitation shall not exceed 5 unless the agency determines with respect to an individual solicitation that a specified number greater than 5 is in the Federal Government's interest and is consistent with the purposes and objectives of the two-phase selection process.

(e) REQUIREMENT FOR GUIDANCE AND REGULATIONS.—The Federal Acquisition Regulation shall include guidance—

(1) regarding the factors that may be considered in determining whether the two-phase contracting procedures authorized by subsection (a) are appropriate for use in individual contracting situations;

(2) regarding the factors that may be used in selecting contractors; and

(3) providing for a uniform approach to be used Government-wide.

§ 3310. Quantities to order

(a) FACTORS AFFECTING QUANTITY TO ORDER.—Each executive agency shall procure supplies in a quantity that—

(1) will result in the total cost and unit cost most advantageous to the Federal Government, where practicable; and

(2) does not exceed the quantity reasonably expected to be required by the agency.

(b) OFFEROR'S OPINION OF QUANTITY.—Each solicitation for a contract for supplies shall, if practicable, include a provision inviting each offeror responding to the solicitation to state an opinion on whether the quantity of supplies proposed to be procured is economically advantageous to the Federal Government and, if applicable, to recommend a quantity that would be more economically advantageous to the Federal Government. Each recommendation shall include a quotation of the total price and the unit price for supplies procured in each recommended quantity.

§ 3311. Qualification requirement

(a) DEFINITION.—In this section, the term “qualification requirement” means a requirement for testing or other quality assurance demonstration that must be completed by an offeror before award of a contract.

(b) ACTIONS BEFORE ENFORCING QUALIFICATION REQUIREMENT.—Except as provided in subsection (c), the head of an agency, before enforcing any qualification requirement, shall—

(1) prepare a written justification stating the necessity for establishing the qualification requirement and specify why the qualification requirement must be demonstrated before contract award;

(2) specify in writing and make available to a potential offeror on request all requirements that a prospective offeror, or its

product, must satisfy to become qualified, with those requirements to be limited to those least restrictive to meet the purposes necessitating the establishment of the qualification requirement;

(3) specify an estimate of the cost of testing and evaluation likely to be incurred by a potential offeror to become qualified;

(4) ensure that a potential offeror is provided, on request, a prompt opportunity to demonstrate at its own expense (except as provided in subsection (d)) its ability to meet the standards specified for qualification using—

(A) qualified personnel and facilities—

(i) of the agency concerned;

(ii) of another agency obtained through interagency agreement; or

(iii) under contract; or

(B) other methods approved by the agency (including use of approved testing and evaluation services not provided under contract to the agency);

(5) if testing and evaluation services are provided under contract to the agency for the purposes of paragraph (4), provide to the extent possible that those services be provided by a contractor that—

(A) is not expected to benefit from an absence of additional qualified sources; and

(B) is required in the contract to adhere to any restriction on technical data asserted by the potential offeror seeking qualification; and

(6) ensure that a potential offeror seeking qualification is promptly informed whether qualification is attained and, if not attained, is promptly furnished specific information about why qualification was not attained.

(c) **APPLICABILITY, WAIVER AUTHORITY, AND REFERRAL OF OFFERS.**—

(1) **APPLICABILITY.**—Subsection (b) does not apply to a qualification requirement established by statute prior to October 30, 1984.

(2) **WAIVER AUTHORITY.**—

(A) **SUBMISSION OF DETERMINATION OF UNREASONABLENESS.**—Except as provided in subparagraph (C), if it is unreasonable to specify the standards for qualification that a prospective offeror or its product must satisfy, a determination to that effect shall be submitted to the advocate for competition of the procuring activity responsible for the purchase of the item subject to the qualification requirement.

(B) **AUTHORITY TO GRANT WAIVER.**—After considering any comments of the advocate for competition reviewing the determination, the head of the procuring activity may waive the requirements of paragraphs (2) to (5) of subsection (b) for up to 2 years with respect to the item subject to the qualification requirement.

(C) **NONAPPLICABILITY TO QUALIFIED PRODUCTS LIST.**—Waiver authority under this paragraph does not apply with respect to a qualified products list.

(3) **SUBMISSION AND CONSIDERATION OF OFFER NOT TO BE DENIED.**—A potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror has not been identified as meeting

a qualification requirement if the potential offeror can demonstrate to the satisfaction of the contracting officer that the potential offeror or its product meets the standards established for qualification or can meet those standards before the date specified for award of the contract.

(4) REFERRAL TO SMALL BUSINESS ADMINISTRATION NOT REQUIRED.—This subsection does not require the referral of an offer to the Small Business Administration pursuant to section 8(b)(7) of the Small Business Act (15 U.S.C. 637(b)(7)) if the basis for the referral is a challenge by the offeror to either the validity of the qualification requirement or the offeror's compliance with that requirement.

(5) DELAY OF PROCUREMENT NOT REQUIRED.—The head of an agency need not delay a proposed procurement to comply with subsection (b) or to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification.

(d) FEWER THAN 2 ACTUAL MANUFACTURERS.—

(1) SOLICITATION AND TESTING OF ADDITIONAL SOURCES OR PRODUCTS.—If the number of qualified sources or qualified products available to compete actively for an anticipated future requirement is fewer than 2 actual manufacturers or the products of 2 actual manufacturers, respectively, the head of the agency concerned shall—

(A) publish notice periodically soliciting additional sources or products to seek qualification, unless the contracting officer determines that doing so would compromise national security; and

(B) subject to paragraph (2), bear the cost of conducting the specified testing and evaluation (excluding the cost associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern that has met the standards specified for qualification and that could reasonably be expected to compete for a contract for that requirement.

(2) WHEN AGENCY MAY BEAR COST.—The head of the agency concerned may bear the cost under paragraph (1)(B) only if the head of the agency determines that the additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to offset (within a reasonable period of time considering the duration and dollar value of anticipated future requirements) the cost incurred by the agency.

(3) CERTIFICATION REQUIRED.—The head of the agency shall require a prospective contractor requesting the Federal Government to bear testing and evaluation costs under paragraph (1)(B) to certify its status as a small business concern under section 3 of the Small Business Act (15 U.S.C. 632).

(e) EXAMINATION AND REVALIDATION OF QUALIFICATION REQUIREMENT.—Within 7 years after the establishment of a qualification requirement, the need for the requirement shall be examined and the standards of the requirement revalidated in accordance with the requirements of subsection (b). This subsection does not apply in the case of a qualification requirement for which a waiver is in effect under subsection (c)(2).

(f) **WHEN ENFORCEMENT OF QUALIFICATION REQUIREMENT NOT ALLOWED.**—Except in an emergency as determined by the head of the agency, after the head of the agency determines not to enforce a qualification requirement for a solicitation, the agency may not enforce the requirement unless the agency complies with the requirements of subsection (b).

§ 3501. General

(a) **DEFINITIONS.**—In this chapter:

(1) **COMMERCIAL ITEM.**—The term “commercial item” has the meaning provided the term by section 103 of this title.

(2) **COST OR PRICING DATA.**—The term “cost or pricing data” means all facts that, as of the date of agreement on the price of a contract (or the price of a contract modification) or, if applicable consistent with section 3506(a)(2) of this title, another date agreed upon between the parties, a prudent buyer or seller would reasonably expect to affect price negotiations significantly. The term does not include information that is judgmental, but does include factual information from which a judgment was derived.

(3) **SUBCONTRACT.**—The term “subcontract” includes a transfer of commercial items between divisions, subsidiaries, or affiliates of a contractor or a subcontractor.

(b) **REGULATIONS.**—

(1) **MINIMIZING ABUSE OF COMMERCIAL SERVICES ITEM AUTHORITY.**—The Federal Acquisition Regulation shall ensure that services that are not offered and sold competitively in substantial quantities in the commercial marketplace, but are of a type offered and sold competitively in substantial quantities in the commercial marketplace, may be treated as commercial items for purposes of this chapter only if the contracting officer determines in writing that the offeror has submitted sufficient information to evaluate, through price analysis, the reasonableness of the price for the services.

(2) **INFORMATION TO SUBMIT.**—To the extent necessary to make a determination under paragraph (1), the contracting officer may request the offeror to submit—

(A) prices paid for the same or similar commercial items under comparable terms and conditions by both government and commercial customers; and

(B) if the contracting officer determines that the information described in subparagraph (A) is not sufficient to determine the reasonableness of price, other relevant information regarding the basis for price or cost, including information on labor costs, material costs, and overhead rates.

§ 3502. Required cost or pricing data and certification

(a) **WHEN REQUIRED.**—The head of an executive agency shall require offerors, contractors, and subcontractors to make cost or pricing data available as follows:

(1) **OFFEROR FOR PRIME CONTRACT.**—An offeror for a prime contract under this division to be entered into using procedures other than sealed-bid procedures shall be required to submit cost or pricing data before the award of a contract if—

(A) in the case of a prime contract entered into after October 13, 1994, the price of the contract to the Federal Government is expected to exceed \$500,000; and

(B) in the case of a prime contract entered into on or before October 13, 1994, the price of the contract to the Federal Government is expected to exceed \$100,000.

(2) **CONTRACTOR.**—The contractor for a prime contract under this division shall be required to submit cost or pricing data before the pricing of a change or modification to the contract if—

(A) in the case of a change or modification made to a prime contract referred to in paragraph (1)(A), the price adjustment is expected to exceed \$500,000;

(B) in the case of a change or modification made to a prime contract that was entered into on or before October 13, 1994, and that has been modified pursuant to subsection (f), the price adjustment is expected to exceed \$500,000; and

(C) in the case of a change or modification not covered by subparagraph (A) or (B), the price adjustment is expected to exceed \$100,000.

(3) **OFFEROR FOR SUBCONTRACT.**—An offeror for a subcontract (at any tier) of a contract under this division shall be required to submit cost or pricing data before the award of the subcontract if the prime contractor and each higher-tier subcontractor have been required to make available cost or pricing data under this chapter and—

(A) in the case of a subcontract under a prime contract referred to in paragraph (1)(A), the price of the subcontract is expected to exceed \$500,000;

(B) in the case of a subcontract entered into under a prime contract that was entered into on or before October 13, 1994, and that has been modified pursuant to subsection (f), the price of the subcontract is expected to exceed \$500,000; and

(C) in the case of a subcontract not covered by subparagraph (A) or (B), the price of the subcontract is expected to exceed \$100,000.

(4) **SUBCONTRACTOR.**—The subcontractor for a subcontract covered by paragraph (3) shall be required to submit cost or pricing data before the pricing of a change or modification to the subcontract if—

(A) in the case of a change or modification to a subcontract referred to in paragraph (3)(A) or (B), the price adjustment is expected to exceed \$500,000; and

(B) in the case of a change or modification to a subcontract referred to in paragraph (3)(C), the price adjustment is expected to exceed \$100,000.

(b) CERTIFICATION.—A person required, as an offeror, contractor, or subcontractor, to submit cost or pricing data under subsection (a) (or required by the head of the procuring activity concerned to submit the data under section 3504 of this title) shall be required to certify that, to the best of the person's knowledge and belief, the cost or pricing data submitted are accurate, complete, and current.

(c) TO WHOM SUBMITTED.—Cost or pricing data required to be submitted under subsection (a) (or under section 3504 of this title), and a certification required to be submitted under subsection (b), shall be submitted—

(1) in the case of a submission by a prime contractor (or an offeror for a prime contract), to the contracting officer for the contract (or a designated representative of the contracting officer); or

(2) in the case of a submission by a subcontractor (or an offeror for a subcontract), to the prime contractor.

(d) APPLICATION OF CHAPTER.—Except as provided under section 3503 of this title, this chapter applies to contracts entered into by the head of an executive agency on behalf of a foreign government.

(e) SUBCONTRACTS NOT AFFECTED BY WAIVER.—A waiver of requirements for submission of certified cost or pricing data that is granted under section 3503(a)(3) of this title in the case of a contract or subcontract does not waive the requirement under subsection (a)(3) of this section for submission of cost or pricing data in the case of subcontracts under that contract or subcontract unless the head of the procuring activity granting the waiver determines that the requirement under subsection (a)(3) of this section should be waived in the case of those subcontracts and justifies in writing the reason for the determination.

(f) MODIFICATIONS TO PRIOR CONTRACTS.—On the request of a contractor that was required to submit cost or pricing data under subsection (a) in connection with a prime contract entered into on or before October 13, 1994, the head of the executive agency that entered into the contract shall modify the contract to reflect paragraphs (2)(B) and (3)(B) of subsection (a). All those modifications shall be made without requiring consideration.

(g) ADJUSTMENT OF AMOUNTS.—Effective on October 1 of each year that is divisible by 5, each amount set forth in subsection (a) shall be adjusted to the amount that is equal to the fiscal year 1994 constant dollar value of the amount set forth. Any amount, as so adjusted, that is not evenly divisible by \$50,000 shall be rounded to the nearest multiple of \$50,000. In the case of an amount that is evenly divisible by \$25,000 but not evenly divisible by \$50,000, the amount shall be rounded to the next higher multiple of \$50,000.

§ 3503. Exceptions

(a) IN GENERAL.—Submission of certified cost or pricing data shall not be required under section 3502 of this title in the case of a contract, a subcontract, or a modification of a contract or subcontract—

(1) for which the price agreed on is based on—

(A) adequate price competition; or

(B) prices set by law or regulation;

(2) for the acquisition of a commercial item; or

(3) in an exceptional case when the head of the procuring activity, without delegation, determines that the requirements of this chapter may be waived and justifies in writing the reasons for the determination.

(b) **MODIFICATIONS OF CONTRACTS AND SUBCONTRACTS FOR COMMERCIAL ITEMS.**—In the case of a modification of a contract or subcontract for a commercial item that is not covered by the exception to the submission of certified cost or pricing data in paragraph (1) or (2) of subsection (a), submission of certified cost or pricing data shall not be required under section 3502 of this title if—

(1) the contract or subcontract being modified is a contract or subcontract for which submission of certified cost or pricing data may not be required by reason of paragraph (1) or (2) of subsection (a); and

(2) the modification would not change the contract or subcontract from a contract or subcontract for the acquisition of a commercial item to a contract or subcontract for the acquisition of an item other than a commercial item.

§ 3504. Cost or pricing data on below-threshold contracts

(a) **AUTHORITY TO REQUIRE SUBMISSION.**—Subject to subsection (b), when certified cost or pricing data are not required to be submitted by section 3502 of this title for a contract, subcontract, or modification of a contract or subcontract, the data may nevertheless be required to be submitted by the head of the procuring activity, but only if the head of the procuring activity determines that the data are necessary for the evaluation by the agency of the reasonableness of the price of the contract, subcontract, or modification of a contract or subcontract. In any case in which the head of the procuring activity requires the data to be submitted under this section, the head of the procuring activity shall justify in writing the reason for the requirement.

(b) **EXCEPTION.**—The head of the procuring activity may not require certified cost or pricing data to be submitted under this section for any contract or subcontract, or modification of a contract or subcontract, covered by the exceptions in section 3503(a)(1) or (2) of this title.

(c) **DELEGATION OF AUTHORITY PROHIBITED.**—The head of a procuring activity may not delegate the functions under this section.

§ 3505. Submission of other information

(a) **AUTHORITY TO REQUIRE SUBMISSION.**—When certified cost or pricing data are not required to be submitted under this chapter for a contract, subcontract, or modification of a contract or subcontract, the contracting officer shall require submission of data other than certified cost or pricing data to the extent necessary to determine the reasonableness of the price of the contract, subcontract, or modification of the contract or subcontract. Except in the case of a contract or subcontract covered by the exceptions in section 3503(a)(1) of this title, the contracting officer shall require that the data submitted include, at a minimum, appropriate information on the prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price for the procurement.

(b) **LIMITATIONS ON AUTHORITY.**—The Federal Acquisition Regulation shall include the following provisions regarding the types of

information that contracting officers may require under subsection (a):

(1) REASONABLE LIMITATIONS.—Reasonable limitations on requests for sales data relating to commercial items.

(2) LIMITATION ON SCOPE OF REQUEST.—A requirement that a contracting officer limit, to the maximum extent practicable, the scope of any request for information relating to commercial items from an offeror to only that information that is in the form regularly maintained by the offeror in commercial operations.

(3) INFORMATION NOT TO BE DISCLOSED.—A statement that any information received relating to commercial items that is exempt from disclosure under section 552(b) of title 5 shall not be disclosed by the Federal Government.

§ 3506. Price reductions for defective cost or pricing data

(a) PROVISION REQUIRING ADJUSTMENT.—

(1) IN GENERAL.—A prime contract (or change or modification to a prime contract) under which a certificate under section 3502(b) of this title is required shall contain a provision that the price of the contract to the Federal Government, including profit or fee, shall be adjusted to exclude any significant amount by which it may be determined by the head of the executive agency that the price was increased because the contractor (or any subcontractor required to make the certificate available) submitted defective cost or pricing data.

(2) WHAT CONSTITUTES DEFECTIVE COST OR PRICING DATA.—For the purposes of this chapter, defective cost or pricing data are cost or pricing data that, as of the date of agreement on the price of the contract (or another date agreed on between the parties), were inaccurate, incomplete, or noncurrent. If for purposes of the preceding sentence the parties agree on a date other than the date of agreement on the price of the contract, the date agreed on by the parties shall be as close to the date of agreement on the price of the contract as is practicable.

(b) VALID DEFENSE.—In determining for purposes of a contract price adjustment under a contract provision required by subsection (a) whether, and to what extent, a contract price was increased because the contractor (or a subcontractor) submitted defective cost or pricing data, it is a defense that the Federal Government did not rely on the defective data submitted by the contractor or subcontractor.

(c) INVALID DEFENSES.—It is not a defense to an adjustment of the price of a contract under a contract provision required by subsection (a) that—

(1) the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted by the contractor or subcontractor because the contractor or subcontractor—

(A) was the sole source of the property or services procured; or

(B) otherwise was in a superior bargaining position with respect to the property or services procured;

(2) the contracting officer should have known that the cost or pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring

the character of the data to the attention of the contracting officer;

(3) the contract was based on an agreement between the contractor and the Federal Government about the total cost of the contract and there was no agreement about the cost of each item procured under the contract; or

(4) the prime contractor or subcontractor did not submit a certification of cost or pricing data relating to the contract as required by section 3502(b) of this title.

(d) OFFSETS.—

(1) WHEN ALLOWED.—A contractor shall be allowed to offset an amount against the amount of a contract price adjustment under a contract provision required by subsection (a) if—

(A) the contractor certifies to the contracting officer (or to a designated representative of the contracting officer) that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset; and

(B) the contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification), or, if applicable, consistent with subsection (a)(2), another date agreed on by the parties, and that the data were not submitted as specified in section 3502(c) of this title before that date.

(2) WHEN NOT ALLOWED.—A contractor shall not be allowed to offset an amount otherwise authorized to be offset under paragraph (1) if—

(A) the certification under section 3502(b) of this title with respect to the cost or pricing data involved was known to be false when signed; or

(B) the Federal Government proves that, had the cost or pricing data referred to in paragraph (1)(B) been submitted to the Federal Government before date of agreement on the price of the contract (or price of the modification), or, if applicable, under subsection (a)(2), another date agreed on by the parties, the submission of the cost or pricing data would not have resulted in an increase in that price in the amount to be offset.

§ 3507. Interest and penalties for certain overpayments

(a) IN GENERAL.—If the Federal Government makes an overpayment to a contractor under a contract with an executive agency subject to this chapter and the overpayment was due to the submission by the contractor of defective cost or pricing data, the contractor shall be liable to the Federal Government—

(1) for interest on the amount of the overpayment, to be computed—

(A) for the period beginning on the date the overpayment was made to the contractor and ending on the date the contractor repays the amount of the overpayment to the Federal Government; and

(B) at the current rate prescribed by the Secretary of the Treasury under section 6621 of the Internal Revenue Code of 1986 (26 U.S.C. 6621); and

(2) if the submission of the defective data was a knowing submission, for an additional amount equal to the amount of the overpayment.

(b) **LIABILITY NOT AFFECTED BY REFUSAL TO SUBMIT CERTIFICATION.**—Any liability under this section of a contractor that submits cost or pricing data but refuses to submit the certification required by section 3502(b) of this title with respect to the cost or pricing data is not affected by the refusal to submit the certification.

§ 3508. Right to examine contractor records

For the purpose of evaluating the accuracy, completeness, and currency of cost or pricing data required to be submitted by this chapter, an executive agency shall have the authority provided by section 4706(b)(2) of this title.

§ 3509. Notification of violations of Federal criminal law or overpayments

(a) **DEFINITION.**—In this section, the term “covered contract” means any contract in an amount greater than \$5,000,000 and more than 120 days in duration.

(b) **FEDERAL ACQUISITION REGULATION.**—The Federal Acquisition Regulation shall include, pursuant to FAR Case 2007-006 (as published at 72 Fed. Reg. 64019, November 14, 2007) or any follow-on FAR case, provisions that require timely notification by Federal contractors of violations of Federal criminal law or overpayments in connection with the award or performance of covered contracts or subcontracts, including those performed outside the United States and those for commercial items.

CHAPTER 37—AWARDING OF CONTRACTS

Sec.	
3701.	Basis of award and rejection.
3702.	Sealed bids.
3703.	Competitive proposals.
3704.	Post-award debriefings.
3705.	Pre-award debriefings.
3706.	Encouragement of alternative dispute resolution.
3707.	Antitrust violations.
3708.	Protests.

§ 3701. Basis of award and rejection

(a) **AWARD.**—An executive agency shall evaluate sealed bids and competitive proposals, and award a contract, based solely on the factors specified in the solicitation.

(b) **REJECTION.**—All sealed bids or competitive proposals received in response to a solicitation may be rejected if the agency head determines that rejection is in the public interest.

§ 3702. Sealed bids

(a) **OPENING OF BIDS.**—Sealed bids shall be opened publicly at the time and place stated in the solicitation.

(b) **CRITERIA FOR AWARDING CONTRACT.**—The executive agency shall evaluate the bids in accordance with section 3701(a) of this title without discussions with the bidders and, except as provided in section 3701(b) of this title, shall award a contract with reasonable promptness to the responsible source whose bid conforms to the solicitation and is most advantageous to the Federal Government, considering only price and the other price-related factors included in the solicitation.

(c) **NOTICE OF AWARD.**—The award of a contract shall be made by transmitting, in writing or by electronic means, notice of the

award to the successful bidder. Within 3 days after the date of contract award, the executive agency shall notify, in writing or by electronic means, each bidder not awarded the contract that the contract has been awarded.

§ 3703. Competitive proposals

(a) EVALUATION AND AWARD.—An executive agency shall evaluate competitive proposals in accordance with section 3701(a) of this title and may award a contract—

(1) after discussions with the offerors, provided that written or oral discussions have been conducted with all responsible offerors who submit proposals within the competitive range; or

(2) based on the proposals received and without discussions with the offerors (other than discussions conducted for the purpose of minor clarification), if, as required by section 3306(b)(2)(B)(i) of this title, the solicitation included a statement that proposals are intended to be evaluated, and award made, without discussions unless discussions are determined to be necessary.

(b) LIMIT ON NUMBER OF PROPOSALS.—If the contracting officer determines that the number of offerors that would otherwise be included in the competitive range under subsection (a)(1) exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of proposals in the competitive range, in accordance with the criteria specified in the solicitation, to the greatest number that will permit an efficient competition among the offerors rated most highly in accordance with those criteria.

(c) CRITERIA FOR AWARDED CONTRACT.—Except as otherwise provided in section 3701(b) of this title, the executive agency shall award a contract with reasonable promptness to the responsible source whose proposal is most advantageous to the Federal Government, considering only cost or price and the other factors included in the solicitation.

(d) NOTICE OF AWARD.—The executive agency shall award the contract by transmitting, in writing or by electronic means, notice of the award to that source and, within 3 days after the date of contract award, shall notify, in writing or by electronic means, all other offerors of the rejection of their proposals.

§ 3704. Post-award debriefings

(a) REQUEST FOR DEBRIEFING.—When a contract is awarded by the head of an executive agency on the basis of competitive proposals, an unsuccessful offeror, on written request received by the agency within 3 days after the date on which the unsuccessful offeror receives the notification of the contract award, shall be debriefed and furnished the basis for the selection decision and contract award.

(b) WHEN DEBRIEFING TO BE CONDUCTED.—The executive agency shall debrief the offeror within, to the maximum extent practicable, 5 days after receipt of the request by the executive agency.

(c) INFORMATION TO BE PROVIDED.—The debriefing shall include, at a minimum—

(1) the executive agency's evaluation of the significant weak or deficient factors in the offeror's offer;

(2) the overall evaluated cost and technical rating of the offer of the contractor awarded the contract and the overall

evaluated cost and technical rating of the offer of the debriefed offeror;

(3) the overall ranking of all offers;

(4) a summary of the rationale for the award;

(5) in the case of a proposal that includes a commercial item that is an end item under the contract, the make and model of the item being provided in accordance with the offer of the contractor awarded the contract; and

(6) reasonable responses to relevant questions posed by the debriefed offeror as to whether source selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the executive agency.

(d) INFORMATION NOT TO BE INCLUDED.—The debriefing may not include point-by-point comparisons of the debriefed offeror's offer with other offers and may not disclose any information that is exempt from disclosure under section 552(b) of title 5.

(e) INCLUSION OF STATEMENT IN SOLICITATION.—Each solicitation for competitive proposals shall include a statement that information described in subsection (c) may be disclosed in post-award debriefings.

(f) AFTER SUCCESSFUL PROTEST.—If, within one year after the date of the contract award and as a result of a successful procurement protest, the executive agency seeks to fulfill the requirement under the protested contract either on the basis of a new solicitation of offers or on the basis of new best and final offers requested for that contract, the head of the executive agency shall make available to all offerors—

(1) the information provided in debriefings under this section regarding the offer of the contractor awarded the contract; and

(2) the same information that would have been provided to the original offerors.

(g) SUMMARY TO BE INCLUDED IN FILE.—The contracting officer shall include a summary of the debriefing in the contract file.

§ 3705. Pre-award debriefings

(a) REQUEST FOR DEBRIEFING.—When the contracting officer excludes an offeror submitting a competitive proposal from the competitive range (or otherwise excludes that offeror from further consideration prior to the final source selection decision), the excluded offeror may request in writing, within 3 days after the date on which the excluded offeror receives notice of its exclusion, a debriefing prior to award.

(b) WHEN DEBRIEFING TO BE CONDUCTED.—The contracting officer shall make every effort to debrief the unsuccessful offeror as soon as practicable but may refuse the request for a debriefing if it is not in the best interests of the Federal Government to conduct a debriefing at that time.

(c) PRECONDITION FOR POST-AWARD DEBRIEFING.—The contracting officer is required to debrief an excluded offeror in accordance with section 3704 of this title only if that offeror requested and was refused a pre-award debriefing under subsections (a) and (b).

(d) INFORMATION TO BE PROVIDED.—The debriefing conducted under this section shall include—

(1) the executive agency's evaluation of the significant elements in the offeror's offer;

(2) a summary of the rationale for the offeror's exclusion; and

(3) reasonable responses to relevant questions posed by the debriefed offeror as to whether source selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the executive agency.

(e) INFORMATION NOT TO BE DISCLOSED.—The debriefing conducted pursuant to this section may not disclose the number or identity of other offerors and shall not disclose information about the content, ranking, or evaluation of other offerors' proposals.

(f) SUMMARY TO BE INCLUDED IN FILE.—The contracting officer shall include a summary of the debriefing in the contract file.

§ 3706. Encouragement of alternative dispute resolution

The Federal Acquisition Regulation shall include a provision encouraging the use of alternative dispute resolution techniques to provide informal, expeditious, and inexpensive procedures for an offeror to consider using before filing a protest, prior to the award of a contract, of the exclusion of the offeror from the competitive range (or otherwise from further consideration) for that contract.

§ 3707. Antitrust violations

If the agency head considers that a bid or proposal evidences a violation of the antitrust laws, the agency head shall refer the bid or proposal to the Attorney General for appropriate action.

§ 3708. Protests

(a) PROTEST FILE.—

(1) ESTABLISHMENT AND ACCESS.—If, in the case of a solicitation for a contract issued by, or an award or proposed award of a contract by, the head of an executive agency, a protest is filed pursuant to the procedures in subchapter V of chapter 35 of title 31, and an actual or prospective offeror requests, a file of the protest shall be established by the procuring activity and reasonable access shall be provided to actual or prospective offerors.

(2) REDACTED INFORMATION.—Information exempt from disclosure under section 552 of title 5 may be redacted in a file established pursuant to paragraph (1) unless an applicable protective order provides otherwise.

(b) AGENCY ACTIONS ON PROTESTS.—If, in connection with a protest, the head of an executive agency determines that a solicitation, proposed award, or award does not comply with the requirements of law or regulation, the head of the executive agency may—

(1) take any action set out in subparagraphs (A) to (F) of subsection (b)(1) of section 3554 of title 31; and

(2) pay costs described in paragraph (1) of section 3554(c) of title 31 within the limits referred to in paragraph (2) of section 3554(c).

CHAPTER 39—SPECIFIC TYPES OF CONTRACTS

Sec.

3901. Contracts awarded using procedures other than sealed-bid procedures.

3902. Severable services contracts for periods crossing fiscal years.

3903. Multiyear contracts.

3904. Contract authority for severable services contracts and multiyear contracts.

3905. Cost contracts.

3906. Cost-reimbursement contracts.

§ 3901. Contracts awarded using procedures other than sealed-bid procedures

(a) **AUTHORIZED TYPES.**—Except as provided in section 3905 of this title, contracts awarded after using procedures other than sealed-bid procedures may be of any type which in the opinion of the agency head will promote the best interests of the Federal Government.

(b) **REQUIRED WARRANTY.**—

(1) **CONTENT.**—Every contract awarded after using procedures other than sealed-bid procedures shall contain a suitable warranty, as determined by the agency head, by the contractor that no person or selling agency has been employed or retained to solicit or secure the contract on an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for bona fide employees or bona fide established commercial or selling agencies the contractor maintains to secure business.

(2) **REMEDY FOR BREACH OR VIOLATION.**—For the breach or violation of the warranty, the Federal Government may annul the contract without liability or deduct from the contract price or consideration the full amount of the commission, percentage, brokerage, or contingent fee.

(3) **NONAPPLICATION.**—Paragraph (1) does not apply to a contract for an amount that is not greater than the simplified acquisition threshold or to a contract for the acquisition of commercial items.

§ 3902. Severable services contracts for periods crossing fiscal years

(a) **AUTHORITY TO ENTER INTO CONTRACT.**—The head of an executive agency may enter into a contract for the procurement of severable services for a period that begins in one fiscal year and ends in the next fiscal year if (without regard to any option to extend the period of the contract) the contract period does not exceed one year.

(b) **OBLIGATION OF FUNDS.**—Funds made available for a fiscal year may be obligated for the total amount of a contract entered into under the authority of this section.

§ 3903. Multiyear contracts

(a) **DEFINITION.**—In this section, a multiyear contract is a contract for the purchase of property or services for more than one, but not more than 5, program years.

(b) **AUTHORITY TO ENTER INTO CONTRACT.**—An executive agency may enter into a multiyear contract for the acquisition of property or services if—

(1) funds are available and obligated for the contract, for the full period of the contract or for the first fiscal year in which the contract is in effect, and for the estimated costs associated with a necessary termination of the contract; and

(2) the executive agency determines that—

(A) the need for the property or services is reasonably firm and continuing over the period of the contract; and

(B) a multiyear contract will serve the best interests of the Federal Government by encouraging full and open competition or promoting economy in administration, performance, and operation of the agency's programs.

The contract may not be awarded until the end of the 30-day period beginning on the date of the notification.

(e) **CONTINGENCY CLAUSE FOR APPROPRIATION OF FUNDS.**—A multiyear contract may provide that performance under the contract after the first year of the contract is contingent on the appropriation of funds and (if the contract does so provide) that a cancellation payment shall be made to the contractor if the funds are not appropriated.

(2) **TASK ORDER CONTRACT.**—The term “task order contract” means a contract for services that—

(A) does not procure or specify a firm quantity of services (other than a minimum or maximum quantity); and

(B) provides for the issuance of orders for the performance of tasks during the period of the contract.

§ 4102. Authorities or responsibilities not affected

This chapter does not modify or supersede, and is not intended to impair or restrict, authorities or responsibilities under sections 1101 to 1104 of title 40.

§ 4103. General authority

(a) **AUTHORITY TO AWARD.**—Subject to the requirements of this section, section 4106 of this title, and other applicable law, the head of an executive agency may enter into a task or delivery order contract for procurement of services or property.

(b) **SOLICITATION.**—The solicitation for a task or delivery order contract shall include—

(1) the period of the contract, including the number of options to extend the contract and the period for which the contract may be extended under each option;

(2) the maximum quantity or dollar value of the services or property to be procured under the contract; and

(c) **APPLICABILITY OF RESTRICTION ON USE OF NONCOMPETITIVE PROCEDURES.**—The head of an executive agency may use procedures other than competitive procedures to enter into a task or delivery order contract under this section only if an exception in section 3304(a) of this title applies to the contract and the use of those procedures is approved in accordance with section 3304(e) of this title.

(d) **SINGLE AND MULTIPLE CONTRACT AWARDS.**—

(1) **EXERCISE OF AUTHORITY.**—The head of an executive agency may exercise the authority provided in this section—

(A) to award a single task or delivery order contract;
or

(B) if the solicitation states that the head of the executive agency has the option to do so, to award separate task or delivery order contracts for the same or similar services or property to 2 or more sources.

(2) DETERMINATION NOT REQUIRED.—No determination under section 3303 of this title is required for an award of multiple task or delivery order contracts under paragraph (1)(B).

(3) SINGLE SOURCE AWARD FOR TASK OR DELIVERY ORDER CONTRACTS EXCEEDING \$100,000,000.—

(A) WHEN SINGLE AWARDS ARE ALLOWED.—No task or delivery order contract in an amount estimated to exceed \$100,000,000 (including all options) may be awarded to a single source unless the head of the executive agency determines in writing that—

(i) the task or delivery orders expected under the contract are so integrally related that only a single source can reasonably perform the work;

(ii) the contract provides only for firm, fixed price task orders or delivery orders for—

(I) products for which unit prices are established in the contract; or

(II) services for which prices are established in the contract for the specific tasks to be performed;

(iii) only one source is qualified and capable of performing the work at a reasonable price to the Federal Government; or

(iv) because of exceptional circumstances, it is necessary in the public interest to award the contract to a single source.

(B) NOTIFICATION OF CONGRESS.—The head of the executive agency shall notify Congress within 30 days after any determination under subparagraph (A)(iv).

(4) REGULATIONS.—Regulations implementing this subsection shall establish—

(A) a preference for awarding, to the maximum extent practicable, multiple task or delivery order contracts for the same or similar services or property under paragraph (1)(B); and

(B) criteria for determining when award of multiple task or delivery order contracts would not be in the best interest of the Federal Government.

(e) CONTRACT MODIFICATIONS.—A task or delivery order may not increase the scope, period, or maximum value of the task or delivery order contract under which the order is issued. The scope, period, or maximum value of the contract may be increased only by modification of the contract.

(f) INAPPLICABILITY TO CONTRACTS FOR ADVISORY AND ASSISTANCE SERVICES.—Except as otherwise specifically provided in section 4105 of this title, this section does not apply to a task or delivery order contract for the acquisition of advisory and assistance services (as defined in section 1105(g) of title 31).

(g) RELATIONSHIP TO OTHER CONTRACTING AUTHORITY.—Nothing in this section may be construed to limit or expand any authority of the head of an executive agency or the Administrator of General Services to enter into schedule, multiple award, or task or delivery order contracts under any other provision of law.

§ 4104. Guidance on use of task and delivery order contracts

(a) **GUIDANCE IN FEDERAL ACQUISITION REGULATION.**—The Federal Acquisition Regulation issued in accordance with sections 1121(b) and 1303(a)(1) of this title shall provide guidance to agencies on the appropriate use of task and delivery order contracts in accordance with this chapter and sections 2304a to 2304d of title 10.

(1) the appropriate use of Government-wide and other multi-agency contracts entered into in accordance with this chapter and sections 2304a to 2304d of title 10; and

(2) steps that agencies should take in entering into and administering multiple award task and delivery order contracts to ensure compliance with the requirement in—

(A) section 11312 of title 40 for capital planning and investment control in purchases of information technology products and services;

(B) section 4106(c) of this title and section 2304c(b) of title 10 to ensure that all contractors are afforded a fair opportunity to be considered for the award of task and delivery orders; and

(C) section 4106(e) of this title and section 2304c(c) of title 10 for a statement of work in each task or delivery order issued that clearly specifies all tasks to be performed or property to be delivered under the order.

(c) **FEDERAL SUPPLY SCHEDULES PROGRAM.**—The Administrator for Federal Procurement Policy shall consult with the Administrator of General Services to assess the effectiveness of the multiple awards schedule program of the General Services Administration referred to in section 152(3) of this title that is administered as the Federal Supply Schedules program. The assessment shall include examination of—

(1) the administration of the program by the Administrator of General Services; and

(2) the ordering and program practices followed by Federal customer agencies in using schedules established under the program.

§ 4105. Advisory and assistance services

(a) **DEFINITION.**—In this section, the term “advisory and assistance services” has the same meaning given that term in section 1105(g) of title 31.

(b) **AUTHORITY TO AWARD.**—

(1) **IN GENERAL.**—Subject to the requirements of this section, section 4106 of this title, and other applicable law, the head of an executive agency may enter into a task order contract for procurement of advisory and assistance services.

(2) **ONLY UNDER THIS SECTION.**—The head of an executive agency may enter into a task order contract for advisory and assistance services only under this section.

(c) **CONTRACT PERIOD.**—The period of a task order contract entered into under this section, including all periods of extensions of the contract under options, modifications, or otherwise, may not exceed 5 years unless a longer period is specifically authorized in a law that is applicable to the contract.

(d) **CONTENT OF NOTICE.**—The notice required by section 1708 of this title and section 8(e) of the Small Business Act (15 U.S.C. 637(e)) shall reasonably and fairly describe the general scope, magnitude, and duration of the proposed task order contract in a manner that would reasonably enable a potential offeror to decide whether to request the solicitation and consider submitting an offer.

(e) **REQUIRED CONTENT OF SOLICITATION AND CONTRACT.**—

(1) **SOLICITATION.**—The solicitation shall include the information (regarding services) described in section 4103(b) of this title.

(2) **CONTRACT.**—A task order contract entered into under this section shall contain the same information that is required by paragraph (1) to be included in the solicitation of offers for that contract.

(f) **MULTIPLE AWARDS.**—

(1) **AUTHORITY TO MAKE MULTIPLE AWARDS.**—On the basis of one solicitation, the head of an executive agency may award separate task order contracts under this section for the same or similar services to 2 or more sources if the solicitation states that the head of the executive agency has the option to do so.

(2) **CONTENT OF SOLICITATION.**—In the case of a task order contract for advisory and assistance services to be entered into under this section, if the contract period is to exceed 3 years and the contract amount is estimated to exceed \$10,000,000 (including all options), the solicitation shall—

(A) provide for a multiple award authorized under paragraph (1); and

(B) include a statement that the head of the executive agency may also elect to award only one task order contract if the head of the executive agency determines in writing that only one of the offerors is capable of providing the services required at the level of quality required.

(3) **NONAPPLICATION.**—Paragraph (2) does not apply in the case of a solicitation for which the head of the executive agency concerned determines in writing that, because the services required under the contract are unique or highly specialized, it is not practicable to award more than one contract.

(g) **CONTRACT MODIFICATIONS.**—

(1) **INCREASE IN SCOPE, PERIOD, OR MAXIMUM VALUE OF CONTRACT ONLY BY MODIFICATION OF CONTRACT.**—A task order may not increase the scope, period, or maximum value of the task order contract under which the order is issued. The scope, period, or maximum value of the contract may be increased only by modification of the contract.

(2) **USE OF COMPETITIVE PROCEDURES.**—Unless use of procedures other than competitive procedures is authorized by an exception in section 3304(a) of this title and approved in accordance with section 3304(e) of this title, competitive procedures shall be used for making such a modification.

(3) **NOTICE.**—Notice regarding the modification shall be provided in accordance with section 1708 of this title and section 8(e) of the Small Business Act (15 U.S.C. 637(e)).

(h) **CONTRACT EXTENSIONS.**—

(1) **WHEN CONTRACT MAY BE EXTENDED.**—Notwithstanding the limitation on the contract period set forth in subsection (c) or in a solicitation or contract pursuant to subsection (f),

a contract entered into by the head of an executive agency under this section may be extended on a sole-source basis for a period not exceeding 6 months if the head of the executive agency determines that—

(A) the award of a follow-on contract has been delayed by circumstances that were not reasonably foreseeable at the time the initial contract was entered into; and

(B) the extension is necessary to ensure continuity of the receipt of services pending the award of, and commencement of performance under, the follow-on contract.

(2) LIMIT OF ONE EXTENSION.—A task order contract may be extended under paragraph (1) only once and only in accordance with the limitations and requirements of this subsection.

(i) INAPPLICABILITY TO CERTAIN CONTRACTS.—This section does not apply to a contract for the acquisition of property or services that includes acquisition of advisory and assistance services if the head of the executive agency entering into the contract determines that, under the contract, advisory and assistance services are necessarily incident to, and not a significant component of, the contract.

§ 4106. Orders

(a) APPLICATION.—This section applies to task and delivery order contracts entered into under sections 4103 and 4105 of this title.

(b) ACTIONS NOT REQUIRED FOR ISSUANCE OF ORDERS.—The following actions are not required for issuance of a task or delivery order under a task or delivery order contract:

(1) A separate notice for the order under section 1708 of this title or section 8(e) of the Small Business Act (15 U.S.C. 637(e)).

(2) Except as provided in subsection (c), a competition (or a waiver of competition approved in accordance with section 3304(e) of this title) that is separate from that used for entering into the contract.

(c) MULTIPLE AWARD CONTRACTS.—When multiple contracts are awarded under section 4103(d)(1)(B) or 4105(f) of this title, all contractors awarded the contracts shall be provided a fair opportunity to be considered, pursuant to procedures set forth in the contracts, for each task or delivery order in excess of \$2,500 that is to be issued under any of the contracts, unless—

(1) the executive agency's need for the services or property ordered is of such unusual urgency that providing the opportunity to all of those contractors would result in unacceptable delays in fulfilling that need;

(2) only one of those contractors is capable of providing the services or property required at the level of quality required because the services or property ordered are unique or highly specialized;

(3) the task or delivery order should be issued on a sole-source basis in the interest of economy and efficiency because it is a logical follow-on to a task or delivery order already issued on a competitive basis; or

(4) it is necessary to place the order with a particular contractor to satisfy a minimum guarantee.

(d) ENHANCED COMPETITION FOR ORDERS IN EXCESS OF \$5,000,000.—In the case of a task or delivery order in excess of \$5,000,000, the requirement to provide all contractors a fair opportunity to be considered under subsection (c) is not met unless all such contractors are provided, at a minimum—

- (1) a notice of the task or delivery order that includes a clear statement of the executive agency's requirements;
 - (2) a reasonable period of time to provide a proposal in response to the notice;
 - (3) disclosure of the significant factors and subfactors, including cost or price, that the executive agency expects to consider in evaluating such proposals, and their relative importance;
 - (4) in the case of an award that is to be made on a best value basis, a written statement documenting—
 - (A) the basis for the award; and
 - (B) the relative importance of quality and price or cost factors; and
 - (5) an opportunity for a post-award debriefing consistent with the requirements of section 3704 of this title.
- (e) STATEMENT OF WORK.—A task or delivery order shall include a statement of work that clearly specifies all tasks to be performed or property to be delivered under the order.
- (f) PROTESTS.—
- (1) PROTEST NOT AUTHORIZED.—A protest is not authorized in connection with the issuance or proposed issuance of a task or delivery order except for—
 - (A) a protest on the ground that the order increases the scope, period, or maximum value of the contract under which the order is issued; or
 - (B) a protest of an order valued in excess of \$10,000,000.
 - (2) JURISDICTION OVER PROTESTS.—Notwithstanding section 3556 of title 31, the Comptroller General shall have exclusive jurisdiction of a protest authorized under paragraph (1)(B).
 - (3) EFFECTIVE PERIOD.—This subsection shall be in effect for three years, beginning on the date that is 120 days after January 28, 2008.
- (g) TASK AND DELIVERY ORDER OMBUDSMAN.—
- (1) APPOINTMENT OR DESIGNATION AND RESPONSIBILITIES.—The head of each executive agency who awards multiple task or delivery order contracts under section 4103(d)(1)(B) or 4105(f) of this title shall appoint or designate a task and delivery order ombudsman who shall be responsible for reviewing complaints from the contractors on those contracts and ensuring that all of the contractors are afforded a fair opportunity to be considered for task or delivery orders when required under subsection (c).
 - (2) WHO IS ELIGIBLE.—The task and delivery order ombudsman shall be a senior agency official who is independent of the contracting officer for the contracts and may be the executive agency's advocate for competition.

§ 4301. Definitions

In this chapter:

(1) **COMPENSATION.**—The term “compensation”, for a fiscal year, means the total amount of wages, salary, bonuses, and deferred compensation for the fiscal year, whether paid, earned, or otherwise accruing, as recorded in an employer’s cost accounting records for the fiscal year.

(2) **COVERED CONTRACT.**—The term “covered contract” means a contract for an amount in excess of \$500,000 that is entered into by an executive agency, except that the term does not include a fixed-price contract without cost incentives or any firm fixed-price contract for the purchase of commercial items.

(3) **FISCAL YEAR.**—The term “fiscal year” means a fiscal year established by a contractor for accounting purposes.

(4) **SENIOR EXECUTIVE.**—The term “senior executive”, with respect to a contractor, means the 5 most highly compensated employees in management positions at each home office and each segment of the contractor.

§ 4302. Adjustment of threshold amount of covered contract

Effective on October 1 of each year that is divisible by 5, the amount set forth in section 4301(2) of this title shall be adjusted to the equivalent amount in constant fiscal year 1994 dollars. An adjusted amount that is not evenly divisible by \$50,000 shall be rounded to the nearest multiple of \$50,000. If an amount is evenly divisible by \$25,000 but is not evenly divisible by \$50,000, the amount shall be rounded to the next higher multiple of \$50,000.

§ 4303. Effect of submission of unallowable costs

(a) **INDIRECT COST THAT VIOLATES FEDERAL ACQUISITION REGULATION COST PRINCIPLE.**—An executive agency shall require that a covered contract provide that if the contractor submits to the executive agency a proposal for settlement of indirect costs incurred by the contractor for any period after those costs have been accrued and if that proposal includes the submission of a cost that is unallowable because the cost violates a cost principle in the Federal Acquisition Regulation or an executive agency supplement to the Federal Acquisition Regulation, the cost shall be disallowed.

(b) **PENALTY FOR VIOLATION OF COST PRINCIPLE.**—

(1) **UNALLOWABLE COST IN PROPOSAL.**—If the executive agency determines that a cost submitted by a contractor in its proposal for settlement is expressly unallowable under a cost principle referred to in subsection (a) that defines the allowability of specific selected costs, the executive agency shall assess a penalty against the contractor in an amount equal to—

(A) the amount of the disallowed cost allocated to covered contracts for which a proposal for settlement of indirect costs has been submitted; plus

(B) interest (to be computed based on provisions in the Federal Acquisition Regulation) to compensate the Federal Government for the use of the amount which a contractor has been paid in excess of the amount to which the contractor was entitled.

(2) **COST DETERMINED TO BE UNALLOWABLE BEFORE PROPOSAL SUBMITTED.**—If the executive agency determines that a proposal for settlement of indirect costs submitted by a contractor includes a cost determined to be unallowable in the case of

that contractor before the submission of that proposal, the executive agency shall assess a penalty against the contractor in an amount equal to 2 times the amount of the disallowed cost allocated to covered contracts for which a proposal for settlement of indirect costs has been submitted.

(c) **WAIVER OF PENALTY.**—The Federal Acquisition Regulation shall provide for a penalty under subsection (b) to be waived in the case of a contractor's proposal for settlement of indirect costs when—

(1) the contractor withdraws the proposal before the formal initiation of an audit of the proposal by the Federal Government and resubmits a revised proposal;

(2) the amount of unallowable costs subject to the penalty is insignificant; or

(3) the contractor demonstrates, to the contracting officer's satisfaction, that—

(A) it has established appropriate policies and personnel training and an internal control and review system that provide assurances that unallowable costs subject to penalties are precluded from being included in the contractor's proposal for settlement of indirect costs; and

(B) the unallowable costs subject to the penalty were inadvertently incorporated into the proposal.

(d) **APPLICABILITY OF CONTRACT DISPUTES PROCEDURE.**—An action of an executive agency under subsection (a) or (b)—

(1) shall be considered a final decision for the purposes of section 7103 of this title; and

(2) is appealable in the manner provided in section 7104(a) of this title.

§ 4304. Specific costs not allowable

(a) **SPECIFIC COSTS.**—The following costs are not allowable under a covered contract:

(1) Costs of entertainment, including amusement, diversion, and social activities, and any costs directly associated with those costs (such as tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities).

(2) Costs incurred to influence (directly or indirectly) legislative action on any matter pending before Congress, a State legislature, or a legislative body of a political subdivision of a State.

(3) Costs incurred in defense of any civil or criminal fraud proceeding or similar proceeding (including filing of any false certification) brought by the Federal Government where the contractor is found liable or had pleaded *nolo contendere* to a charge of fraud or similar proceeding (including filing of a false certification).

(4) Payments of fines and penalties resulting from violations of, or failure to comply with, Federal, State, local, or foreign laws and regulations, except when incurred as a result of compliance with specific terms and conditions of the contract or specific written instructions from the contracting officer authorizing in advance those payments in accordance with applicable provisions of the Federal Acquisition Regulation.

(5) Costs of membership in any social, dining, or country club or organization.

(6) Costs of alcoholic beverages.

(7) Contributions or donations, regardless of the recipient.

(8) Costs of advertising designed to promote the contractor or its products.

(9) Costs of promotional items and memorabilia, including models, gifts, and souvenirs.

(10) Costs for travel by commercial aircraft that exceed the amount of the standard commercial fare.

(11) Costs incurred in making any payment (commonly known as a “golden parachute payment”) that is—

(A) in an amount in excess of the normal severance pay paid by the contractor to an employee on termination of employment; and

(B) paid to the employee contingent on, and following, a change in management control over, or ownership of, the contractor or a substantial portion of the contractor’s assets.

(12) Costs of commercial insurance that protects against the costs of the contractor for correction of the contractor’s own defects in materials or workmanship.

(13) Costs of severance pay paid by the contractor to foreign nationals employed by the contractor under a service contract performed outside the United States, to the extent that the amount of severance pay paid in any case exceeds the amount paid in the industry involved under the customary or prevailing practice for firms in that industry providing similar services in the United States, as determined under the Federal Acquisition Regulation.

(14) Costs of severance pay paid by the contractor to a foreign national employed by the contractor under a service contract performed in a foreign country if the termination of the employment of the foreign national is the result of the closing of, or the curtailment of activities at, a Federal Government facility in that country at the request of the government of that country.

(15) Costs incurred by a contractor in connection with any criminal, civil, or administrative proceeding commenced by the Federal Government or a State, to the extent provided in section 4310 of this title.

(16) Costs of compensation of senior executives of contractors for a fiscal year, regardless of the contract funding source, to the extent that the compensation exceeds the benchmark compensation amount determined applicable for the fiscal year by the Administrator under section 1127 of this title.

(b) WAIVER OF SEVERANCE PAY RESTRICTIONS FOR FOREIGN NATIONALS.—
